## JOINT RESOLUTION

Authorizing the President to employ the Armed Forces of the United States for protecting the security of Formosa, the Pescadores and related positions and territories of that area.

January 29, 1955  
[H. J. Res. 159]

Whereas the primary purpose of the United States, in its relations with all other nations, is to develop and sustain a just and enduring peace for all; and

Whereas certain territories in the West Pacific under the jurisdiction of the Republic of China are now under armed attack, and threats and declarations have been and are being made by the Chinese Communists that such armed attack is in aid of and in preparation for armed attack on Formosa and the Pescadores,

Whereas such armed attack if continued would gravely endanger the peace and security of the West Pacific Area and particularly of Formosa and the Pescadores; and

Whereas the secure possession by friendly governments of the Western Pacific Island chain, of which Formosa is a part, is essential to the vital interests of the United States and all friendly nations in or bordering upon the Pacific Ocean; and

Whereas the President of the United States on January 6, 1955, submitted to the Senate for its advice and consent to ratification a Mutual Defense Treaty between the United States of America and the Republic of China, which recognizes that an armed attack in the West Pacific area directed against territories, therein described, in the region of Formosa and the Pescadores, would be dangerous to the peace and safety of the parties to the treaty: Therefore be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the President of the United States be and he hereby is authorized to employ the Armed Forces of the United States as he deems necessary for the specific purpose of securing and protecting Formosa and the Pescadores against armed attack, this authority to include the securing and protection of such related positions and territories of that area now in friendly hands and the taking of such other measures as he judges to be required or appropriate in assuring the defense of Formosa and the Pescadores.

Formosa and  
Pescadores.  
Defense.

This resolution shall expire when the President shall determine that the peace and security of the area is reasonably assured by international conditions created by action of the United Nations or otherwise, and shall so report to the Congress.

Except as otherwise provided in this Act, disposal of Plancor Numbered 877 shall be fully subject to all the provisions of the Rubber Producing Facilities Disposal Act of 1953 and such criteria as have been established by the Commission in handling disposal of other Government-owned rubber producing facilities under that Act: *Provided*, That the provisions of sections 7 (j), 7 (k), 9 (d), 9 (f), 10, 11, 15, and 24 of that Act shall not apply to the disposal of Plancor Numbered 877. As promptly as practicable following the date of transfer of possession of Plancor Numbered 877 to a purchaser under this Act, the operating agency last designated by the President shall offer for sale to such purchaser the end products produced at such plant and held in inventory for Government account on the day of such transfer of possession, together with the feedstocks then located at such plant or purchased by the operating agency for use at such plant. Sale of such end products shall be made at the Government sales price prevailing on the business day next preceding the date of transfer of possession of such plant. Sale of such feedstocks shall be made at not less than their cost to the Government. In the event the purchaser declines to purchase such end products or feedstocks when first offered to it by the operating agency, they may be thereafter disposed of in such manner as the operating agency deems advisable. In the event Plancor Numbered 877 is not sold under the provisions of this Act, any end products produced at such plant and held in inventory for Government account on the day such plant is placed in standby condition pursuant to section 25 (d) of the Rubber Producing Facilities Disposal Act of 1953, as added by this Act, and any feedstocks then located at such plant or purchased by the operating agency for use at such plant shall be disposed of in such manner as the operating agency deems advisable, at the prevailing market price for such end products and feedstocks.

SEC. 6. Notwithstanding any provision of the Rubber Producing Facilities Disposal Act of 1953 and notwithstanding any other provision of this Act, the Commission or, after it ceases to exist, such agency of the Government as the President may designate, may, after securing the advice of the Attorney General as to whether the proposed lease or sale would tend to create or maintain a situation inconsistent with the antitrust laws, enter into leases or contracts of sale for all or any number of 448 pressure tank cars (ICC Classification ICC-104AW) for which the Commission invited proposals to purchase pursuant to that Act. Each such lease may be for such duration and each such lease or contract of sale may be made on such terms (including type of use) as the Commission or such other agency deems advisable in the public interest: *Provided*, That each such lease or contract of sale shall contain, among other provisions, a national security clause, and each such lease shall contain provisions for the recapture of the tank cars leased by the Government and the termination of the lease, if the President determines that the national interest so requires. The rental or price for any such tank car or cars shall be an amount which the Commission or such agency determines to be the maximum amount obtainable in the public interest, but not less than fair value as determined by the Commission. Any of such tank cars not under lease or contract of sale to non-Federal lessees or purchasers may be transferred without charge by the Commission or such agency to any Government department or agency upon request, for such use as the Commission or such agency deems advisable and subject to national security and recapture provisions of the type hereinabove provided for in this section running in favor of the Commission or other agency transferring the tank car or cars.

The amendments made by this Act shall apply with respect to taxable years beginning after December 31, 1953, and ending after August 16, 1954.

### SEC. 4. SAVING PROVISIONS.

#### (a) FILING OF STATEMENT.—If—

(1) the amount of any tax required to be paid for any taxable year ending on or before the date of the enactment of this Act is increased by reason of the enactment of this Act, and

(2) the last date prescribed for payment of such tax (or any installment thereof) is before December 15, 1955,

then the taxpayer shall, on or before December 15, 1955, file a statement which shows the increase in the amount of such tax required to be paid by reason of the enactment of this Act.

#### (b) FORM AND EFFECT OF STATEMENT.—

(1) FORM OF STATEMENT, ETC.—The statement required by subsection (a) shall be filed at the place fixed for filing the return. (2) TREATMENT AS AMOUNT SHOWN ON RETURN.—The amount shown on a statement filed under subsection (a) as the increase in the amount of the tax required to be paid for the taxable year by reason of the enactment of this Act shall, for all purposes of the internal revenue laws, be treated as tax shown on the return. Notwithstanding the preceding sentence, that portion of the amount of increase in tax for any taxable year which is attributable to a decrease (by reason of the enactment of this Act) in the net operating loss for a succeeding taxable year shall not be treated as tax shown on the return.

(3) WAIVER OF INTEREST IN CASE OF PAYMENT ON OR BEFORE DECEMBER 15, 1955.—If the taxpayer, on or before December 15, 1955, files the statement referred to in subsection (a) and pays in full that portion of the amount shown thereon for which the last date prescribed for payment is before December 15, 1955, then for purposes of computing interest (other than interest on overpayments) such portion shall be treated as having been paid on the last date prescribed for payment. This paragraph shall not apply if the amount shown on the statement as the increase in the amount of the tax required to be paid for the taxable year by reason of the enactment of this Act is greater than the actual increase unless the taxpayer establishes, to the satisfaction of the Secretary of the Treasury or his delegate, that his computation of the greater amount was based upon a reasonable interpretation and application of sections 452 and 462 of the Internal Revenue Code of 1954, as those sections existed before the enactment of this Act.

68A Stat. 152,  
158.

## (c) SPECIAL RULES.—

(A) the taxpayer is required to make a payment (or an additional payment) to another person by reason of the enactment of this Act, and

(B) the Internal Revenue Code of 1954 prescribes a period, which expires after the close of the taxable year, within which the taxpayer must make such payment (or additional payment) if the amount thereof is to be taken into account (as a deduction or otherwise) in computing taxable income for such taxable year,

then, subject to such regulations as the Secretary of the Treasury or his delegate may prescribe, if such payment (or additional payment) is made on or before December 15, 1955, it shall be treated as having been made within the period prescribed by such Code.

(4) TREATMENT OF CERTAIN DIVIDENDS.—Subject to such regulations as the Secretary of the Treasury or his delegate may prescribe, for purposes of section 561 (a) (1) of the Internal Revenue Code of 1954, dividends paid after the 15th day of the third month following the close of the taxable year and on or before December 15, 1955, may be treated as having been paid on the last day of the taxable year, but only to the extent (A) that such dividends are attributable to an increase in taxable income for the taxable year resulting from the enactment of this Act, and (B) elected by the taxpayer.

68A Stat. 198.

(5) DETERMINATION OF DATE PRESCRIBED.—For purposes of this section, the determination of the last date prescribed for payment or for filing a return shall be made without regard to any extension of time therefor and without regard to any provision of this section.

Irrigation distri-  
bution systems.  
43 USC 371.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That irrigation distribution systems authorized to be constructed under the Federal reclamation laws may, in lieu of construction by the Secretary of the Interior (referred to in this Act as the "Secretary"), be constructed by irrigation districts or other public agencies according to plans and specifications approved by the Secretary as provided in this Act.

SEC. 2. To assist financially in the construction of the aforesaid local irrigation distribution systems by irrigation districts and other public agencies the Secretary is authorized, on application therefor by such irrigation districts or other public agencies, to make funds available on a loan basis from moneys appropriated for the construction of such distribution systems to any irrigation district or other public agency in an amount equal to the estimated construction cost of such system, contingent upon a finding by the Secretary that the loan can be returned to the United States in accordance with the general repayment provisions of sections 2 (d) and 9 (d) of the Reclamation Project Act of August 4, 1939, and upon a showing that such district or agency already holds or can acquire all lands and interests in land (except public and other lands or interests in land owned by the United States which are within the administrative jurisdiction of the Secretary and subject to disposition by him) necessary for the construction, operation, and maintenance of the project. The Secretary shall, upon approval of the loan, enter into a repayment contract which includes such provisions as the Secretary shall deem necessary and proper to provide assurance of prompt repayment of the loan. The term "irrigation district or other public agency" shall for the purposes of this Act mean any conservancy district, irrigation district, water users' organization, or other organization, which is organized under State law and which has capacity to enter into contracts with the United States pursuant to the Federal reclamation laws.

SEC. 3. The Secretary shall require as a condition to any such loan, that the water users' organization contribute in money or materials, labor, lands, or interests in land, computed at their reasonable value, a portion, not in excess of ten per centum, of the construction cost of such project (including all costs of acquiring lands, and interests in land), and that the plans for the distribution system are in accord with sound engineering practices and will achieve the purposes for which the system was authorized. Organizations contracting for repayment of the loans shall operate and maintain such works in conformity with reasonable contractual requirements determined to be appropriate for the protection of the United States, and when full repayment has been made to the United States, the Secretary shall relinquish all claims under said contracts. Title to distribution works constructed pursuant to this Act shall at all times be in the contracting water users' organizations. In addition to any other authority the Secretary may have to grant rights-of-way, easements, flowage rights, or other interests in lands for project purposes, the Secretary or the head of any other executive department may sell and convey to any irrigation district or other public agency at fair value lands and rights-of-way owned by the United States (other than lands being administered for national park, national monument, or wildlife purposes) which are reasonably necessary to the construction, operation, and maintenance of an irrigation distribution system under the provisions of this Act. No benefits or privileges under reclamation laws including repayment provisions shall be denied an irrigation distribution system because such system has been constructed pursuant to this Act. The provisions of this Act shall apply only to irrigation purposes, including incidental domestic and stock water, and loans hereunder shall be interest free. Nothing in this Act shall be construed to repeal or limit the procedural and substantive requirements of section 8 of the Act of June 17, 1902.

Anthracite mine  
drainage.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That it is hereby recognized that the presence of large volumes of water in anthracite coal formations involves serious wastage of the fuel resources of the Nation, and constitutes a menace to health and safety and national security. Until he is so satisfied the Secretary of the Interior shall withhold the payment of any financial contributions to the Commonwealth.

Withholding of payments.

SEC. 5. The Secretary of the Interior shall render to Congress on or before the first day of February of each year for four consecutive years, commencing on or before February 1, 1957, a report of the progress and accomplishments of the program provided for by this Act.

### AN ACT

To amend the Act of July 31, 1947 (61 Stat. 681) and the mining laws to provide for multiple use of the surface of the same tracts of the public lands, and for other purposes.

July 23, 1955  
[H. R. 5891]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That section 1 of the Act of July 31, 1947 (61 Stat. 681), is amended to read as follows:

"SECTION 1. The Secretary, under such rules and regulations as he may prescribe, may dispose of mineral materials (including but not limited to common varieties of the following: sand, stone, gravel, pumice, pumicite, cinders, and clay) and vegetative materials (including but not limited to yucca, manzanita, mesquite, cactus, and timber or other forest products) on public lands of the United States, including, for the purposes of this Act, land described in the Acts of August 28, 1937 (50 Stat. 874), and of June 24, 1954 (68 Stat. 270), if the disposal of such mineral or vegetative materials (1) is not otherwise expressly authorized by law, including, but not limited to, the Act of June 28, 1934 (48 Stat. 1269), as amended, and the United States mining laws, and (2) is not expressly prohibited by laws of the United States, and (3) would not be detrimental to the public interest. Such materials may be disposed of only in accordance with the provisions of this Act and upon the payment of adequate compensation therefor, to be determined by the Secretary: *Provided, however,* That, to the extent not otherwise authorized by law, the Secretary is authorized in his discretion to permit any Federal, State, or Territorial agency, unit or subdivision, including municipalities, or any association or corporation not organized for profit, to take and remove, without charge, materials and resources subject to this Act, for use other than for commercial or industrial purposes or resale. Where the lands have been withdrawn in aid of a function of a Federal department or agency other than the department headed by the Secretary or of a State, Territory, county, municipality, water district or other local governmental subdivision or agency, the Secretary may make disposals under this Act only with the consent of such other Federal department or agency or of such State, Territory, or local governmental unit. Nothing in this Act shall be construed to apply to lands in any national park, or national monument or to any Indian lands, or lands set aside or held for the use or benefit of Indians, including lands over which jurisdiction has been transferred to the Department of the Interior by Executive order for the use of Indians. As used in this Act, the word "Secretary" means the Secretary of the Interior except that it means the Secretary of Agriculture where the lands involved are administered by him for national forest purposes or for the purposes of title III of the Bankhead-Jones Farm Tenant Act or where withdrawn for the purpose of any other function of the Department of Agriculture."

- Moneys received. "All moneys received from the disposal of materials under this Act shall be disposed of in the same manner as moneys received from the sale of public lands, except that moneys received from the disposal of materials by the Secretary of Agriculture shall be disposed of in the same manner as other moneys received by the Department of Agriculture from the administration of the lands from which the disposal of materials is made, and except that revenues from the lands described in the Act of August 28, 1937 (50 Stat. 874), and the Act of June 24, 1954 (68 Stat. 270), shall be disposed of in accordance with said Acts and except that moneys received from the disposal of materials from school section lands in Alaska, reserved under section 1 of the Act of March 4, 1915 (38 Stat. 1214), shall be set apart as separate and permanent funds in the Territorial Treasury, as provided for income derived from said school section lands pursuant to said Act."
- 43 USC 1181a-1181j. SEC. 3. A deposit of common varieties of sand, stone, gravel, pumice, pumicite, or cinders shall not be deemed a valuable mineral deposit within the meaning of the mining laws of the United States so as to give effective validity to any mining claim hereafter located under such mining laws: *Provided, however,* That nothing herein shall affect the validity of any mining location based upon discovery of some other mineral occurring in or in association with such a deposit. "Common varieties" as used in this Act does not include deposits of such materials which are valuable because the deposit has some property giving it distinct and special value and does not include so-called "block pumice" which occurs in nature in pieces having one dimension of two inches or more.
- 48 USC 353. SEC. 4 (a) Any mining claim hereafter located under the mining laws of the United States shall not be used, prior to issuance of patent therefor, for any purposes other than prospecting, mining or processing operations and uses reasonably incident thereto.
- Common varieties. (b) Rights under any mining claim hereafter located under the mining laws of the United States shall be subject, prior to issuance of patent therefor, to the right of the United States to manage and dispose of the vegetative surface resources thereof and to manage other surface resources thereof (except mineral deposits subject to location under the mining laws of the United States). Any such mining claim shall also be subject, prior to issuance of patent therefor, to the right of the United States, its permittees, and licensees, to use so much of the surface thereof as may be necessary for such purposes or for access to adjacent land: *Provided, however,* That any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with prospecting, mining or processing operations or uses reasonably incident thereto: *Provided further,* That if at any time the locator requires more timber for his mining operations than is available to him from the claim after disposition of timber therefrom by the United States, subsequent to the location of the claim, he shall be entitled, free of charge, to be supplied with timber for such requirements from the nearest timber administered by the disposing agency which is ready for harvesting under the rules and regulations of that agency and which is substantially equivalent in kind and quantity to the timber estimated by the disposing agency to have been disposed of from the claim: *Provided further,* That nothing in this Act shall be construed as affecting or intended to affect or in any way interfere with or modify the laws of the States which lie wholly or

in part westward of the ninety-eighth meridian relating to the ownership, control, appropriation, use, and distribution of ground or surface waters within any unpatented mining claim.

(c) Except to the extent required for the mining claimant's prospecting, mining or processing operations and uses reasonably incident thereto, or for the construction of buildings or structures in connection therewith, or to provide clearance for such operations or uses, or to the extent authorized by the United States, no claimant of any mining claim hereafter located under the mining laws of the United States shall, prior to issuance of patent therefor, sever, remove, or use any vegetative or other surface resources thereof which are subject to management or disposition by the United States under the preceding subsection (b). Any severance or removal of timber which is permitted under the exceptions of the preceding sentence, other than severance or removal to provide clearance, shall be in accordance with sound principles of forest management.

SEC. 5. (a) The head of a Federal department or agency which has the responsibility for administering surface resources of any lands belonging to the United States may file as to such lands in the office of the Secretary of the Interior, or in such office as the Secretary of the Interior may designate, a request for publication of notice to mining claimants, for determination of surface rights, which request shall contain a description of the lands covered thereby, showing the section or sections of the public land surveys which embrace the lands covered by such request, or if such lands are unsurveyed, either the section or sections which would probably embrace such lands when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument.

Notices to mining claimants:  
Publication.

The filing of such request for publication shall be accompanied by an affidavit or affidavits of a person or persons over twenty-one years of age setting forth that the affiant or affiants have examined the lands involved in a reasonable effort to ascertain whether any person or persons were in actual possession of or engaged in the working of such lands or any part thereof, and, if no person or persons were found to be in actual possession of or engaged in the working of said lands or any part thereof on the date of such examination, setting forth such fact, or, if any person or persons were so found to be in actual possession or engaged in such working on the date of such examination, setting forth the name and address of each such person, unless affiant shall have been unable through reasonable inquiry to obtain information as to the name and address of any such person, in which event the affidavit shall set forth fully the nature and results of such inquiry.

The filing of such request for publication shall also be accompanied by the certificate of a title or abstract company, or of a title abstractor, or of an attorney, based upon such company's abstractor's, or attorney's examination of those instruments which are shown by the tract indexes in the county office of record as affecting the lands described in said request, setting forth the name of any person disclosed by said instruments to have an interest in said lands under any unpatented mining claim heretofore located, together with the address of such person if such address is disclosed by such instruments of record. "Tract indexes" as used herein shall mean those indexes, if any, as to surveyed lands identifying instruments as affecting a particular legal subdivision of the public land surveys, and as to unsurveyed lands identifying instruments as affecting a particular probable legal subdivision according to a projected extension of the public land surveys.

Thereupon the Secretary of the Interior, at the expense of the requesting department or agency, shall cause notice to mining claimants to be published in a newspaper having general circulation in the county in which the lands involved are situate.

Such notice shall describe the lands covered by such request, as provided heretofore, and shall notify whomever it may concern that if any person claiming or asserting under, or by virtue of, any unpatented mining claim heretofore located, rights as to such lands or any part thereof, shall fail to file in the office where such request for publication was filed (which office shall be specified in such notice) and within one hundred and fifty days from the date of the first publication of such notice (which date shall be specified in such notice), a verified statement which shall set forth, as to such unpatented mining claim—

- (1) the date of location;
- (2) the book and page of recordation of the notice or certificate of location;
- (3) the section or sections of the public land surveys which embrace such mining claims; or if such lands are unsurveyed, either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument;
- (4) whether such claimant is a locator or purchaser under such location; and
- (5) the name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interests in or under such unpatented mining claim;

such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims, and (ii) to constitute a consent by such mining claimant that such mining claim, prior to issuance of patent therefor, shall be subject to the limitations and restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims.

If such notice is published in a daily paper, it shall be published in the Wednesday issue for nine consecutive weeks, or, if in a weekly paper, in nine consecutive issues, or if in a semiweekly or triweekly paper, in the issue of the same day of each week for nine consecutive weeks.

Within fifteen days after the date of first publication of such notice, the department or agency requesting such publication (1) shall cause a copy of such notice to be personally delivered to or to be mailed by registered mail addressed to each person in possession or engaged in the working of the land whose name and address is shown by an affidavit filed as aforesaid, and to each person who may have filed, as to any lands described in said notice, a request for notices, as provided in subsection (d) of this section 5, and shall cause a copy of such notice to be mailed by registered mail to each person whose name and address is set forth in the title or abstract company's or title abstractor's or attorney's certificate filed as aforesaid, as having an interest in the

lands described in said notice under any unpatented mining claim heretofore located, such notice to be directed to such person's address as set forth in such certificate; and (2) shall file in the office where said request for publication was filed an affidavit showing that copies have been so delivered or mailed.

(b) If any claimant under any unpatented mining claim heretofore located which embraces any of the lands described in any notice published in accordance with the provisions of subsection (a) of this section 5, shall fail to file a verified statement, as above provided, within one hundred and fifty days from the date of the first publication of such notice, such failure shall be conclusively deemed, except as otherwise provided in subsection (e) of this section 5, (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims, and (ii) to constitute a consent by such mining claimant that such mining claim, prior to issuance of patent therefor, shall be subject to the limitations and restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims.

Failure to file  
verified statement.

(c) If any verified statement shall be filed by a mining claimant as provided in subsection (a) of this section 5, then the Secretary of Interior shall fix a time and place for a hearing to determine the validity and effectiveness of any right or title to, or interest in or under such mining claim, which the mining claimant may assert contrary to or in conflict with the limitations and restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims, which place of hearing shall be in the county where the lands in question or parts thereof are located, unless the mining claimant agrees otherwise. Where verified statements are filed asserting rights to an aggregate of more than twenty mining claims, any single hearing shall be limited to a maximum of twenty mining claims unless the parties affected shall otherwise stipulate and as many separate hearings shall be set as shall be necessary to comply with this provision. The procedures with respect to notice of such a hearing and the conduct thereof, and in respect to appeals shall follow the then established general procedures and rules of practice of the Department of the Interior in respect to contests or protests affecting public lands of the United States. If, pursuant to such a hearing the final decision rendered in the matter shall affirm the validity and effectiveness of any mining claimant's so asserted right or interest under the mining claim, then no subsequent proceedings under this section 5 of this Act shall have any force or effect upon the so-affirmed right or interest of such mining claimant under such mining claim. If at any time prior to a hearing the department or agency requesting publication of notice and any person filing a verified statement pursuant to such notice shall so stipulate, then to the extent so stipulated, but only to such extent, no hearing shall be held with respect to rights asserted under that verified statement, and to the extent defined by the stipulation the rights asserted under that verified statement shall be deemed to be unaffected by that particular published notice.

Hearings.

(d) Any person claiming any right under or by virtue of any unpatented mining claim heretofore located and desiring to receive a copy of any notice to mining claimants which may be published

Requests for  
copies of notices.

as above provided in subsection (a) of this section 5, and which may affect lands embraced in such mining claim, may cause to be filed for record in the county office of record where the notice or certificate of location of such mining claim shall have been recorded, a duly acknowledged request for a copy of any such notice. Such request for copies shall set forth the name and address of the person requesting copies and shall also set forth, as to each heretofore located unpatented mining claim under which such person asserts rights—

- (1) the date of location;
- (2) the book and page of the recordation of the notice or certificate of location; and
- (3) the section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed, either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument.

Other than in respect to the requirements of subsection (a) of this section 5 as to personal delivery or mailing of copies of notices and in respect to the provisions of subsection (e) of this section 5, no such request for copies of published notices and no statement or allegation in such request and no recordation thereof shall affect title to any mining claim or to any land or be deemed to constitute constructive notice to any person that the person requesting copies has, or claims, any right, title, or interest in or under any mining claim referred to in such request.

Failure to meet  
notice require-  
ments.

(e) If any department or agency requesting publication shall fail to comply with the requirements of subsection (a) of this section 5 as to the personal delivery or mailing of a copy of notice to any person, the publication of such notice shall be deemed wholly ineffectual as to that person or as to the rights asserted by that person and the failure of that person to file a verified statement, as provided in such notice, shall in no manner affect, diminish, prejudice or bar any rights of that person.

Waiver of rights.

SEC. 6. The owner or owners of any unpatented mining claim heretofore located may waive and relinquish all rights thereunder which are contrary to or in conflict with the limitations or restrictions specified in section 4 of this Act as to hereafter located unpatented mining claims. The execution and acknowledgment of such a waiver and relinquishment by such owner or owners and the recordation thereof in the office where the notice or certificate of location of such mining claim is of record shall render such mining claim thereafter and prior to issuance of patent subject to the limitations and restrictions in section 4 of this Act in all respects as if said mining claim had been located after enactment of this Act, but no such waiver or relinquishment shall be deemed in any manner to constitute any concession as to the date of priority of rights under said mining claim or as to the validity thereof.

Limitation of  
existing rights,  
etc.

SEC. 7. Nothing in this Act shall be construed in any manner to limit or restrict or to authorize the limitation or restriction of any existing rights of any claimant under any valid mining claim heretofore located, except as such rights may be limited or restricted as a result of a proceeding pursuant to section 5 of this Act, or as a result of a waiver and relinquishment pursuant to section 6 of this Act; and nothing in this Act shall be construed in any manner to authorize inclusion in any patent hereafter issued under the mining laws of the United States for any mining claim heretofore or hereafter located, of any reservation, limitation, or restriction not other-

wise authorized by law, or to limit or repeal any existing authority to include any reservation, limitation, or restriction in any such patent, or to limit or restrict any use of the lands covered by any patented or unpatented mining claim by the United States, its lessees, permittees, and licensees which is otherwise authorized by law.

JOINT RESOLUTION

Providing for an objective, thorough, and nationwide analysis and reevaluation of the human and economic problems of mental illness, and for other purposes.

July 28, 1955  
[H. J. Res. 256]

Whereas some seven hundred and fifty thousand mentally ill and retarded patients are now being hospitalized on any given day; and

Mental Health  
Study Act of 1955.

Whereas 47 per centum of the hospital beds in the Nation are occupied by mental patients; and

Whereas the direct economic cost of mental illness to the taxpayers of the Nation, including pensions to veterans with psychiatric disabilities, is over \$1,000,000,000 a year and has been increasing at a rate of \$100,000,000 a year; and

Whereas the emotional impact and distress suffered by millions of our people anxiously and justifiably concerned about the welfare, treatment, and prospects of mentally afflicted relatives is incalculable and is one of the most urgent concerns of our people; and

Whereas the Governors of the several States, through national and regional Governors Conferences and through the publications of the Council of State Governments, have shown great initiative in their cooperative attempts to develop better methods of meeting the challenge of mental illness in their States; and

Whereas there is strong justification for believing that this constantly growing burden may well be due primarily to an outmoded reliance on simple custodial care in mental hospitals as the chief method of dealing with mental illness; and

Whereas there is strong reason to believe that lack of early intensive treatment facilities has created such a backlog of mentally deteriorated patients that it has become virtually impossible for the States to meet the need for mental hospital facilities; and

Whereas there is strong reason to believe that one of the greatest impediments to more rapid progress in the field of mental health is a definite shortage of professional personnel in all categories; and

Whereas there seems to be a discouraging lag between the discovery of new knowledge and skills in treating mental illness and their widespread application, as is evidenced by the fact that whereas only about one-third of newly admitted mental patients are discharged from State hospitals in the course of a year, in a few outstanding institutions the recovery rate is 75 per centum or more; and

Whereas experience with certain community out-patient clinics and rehabilitation centers would seem to indicate that many mental patients could be better treated on an out-patient basis at much lower cost than by a hospital; and

Whereas there is strong reason to believe that a substantial proportion of public mental hospital facilities are being utilized for the care of elderly persons who could be better cared for and receive better treatment in modified facilities at lower cost; and

Whereas there is reason to believe that many emotionally disturbed children are being placed in mental hospitals, which have no proper facilities to administer to their needs; and

Whereas mental illness is frequently a component of such nationwide problems as alcoholism, drug addiction, juvenile delinquency, broken homes, school failures, absenteeism, and job maladjustment in industry, suicide, and similar problems; and

Whereas there seems to be no overall integrated body of knowledge concerning all aspects of the present status of our resources, methods, and practices for diagnosing, treating, caring for, and rehabilitating the mentally ill, although only through the development of such a body of knowledge can the people of the United States ascertain the true nature of this staggering problem and develop more effective plans to meet it: Therefore be it

Short title.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That this joint resolution may be cited as the "Mental Health Study Act of 1955".*

#### STATEMENT OF PURPOSES AND POLICY

SEC. 2. (a) It is the sense of the Congress that there exists a critical need for such an objective, thorough, and nationwide analysis and reevaluation of the human and economic problems of mental illness and of the resources, methods, and practices currently utilized in diagnosing, treating, caring for, and rehabilitating the mentally ill, both within and outside of institutions, as may lead to the development of comprehensive and realistic recommendations for such better utilization of those resources or such improvements on and new developments in methods of diagnosis, treatment, care, and rehabilitation as give promise of resulting in a marked reduction in the incidence or duration of mental illness and, in consequence, a lessening of the appalling emotional and financial drain on the families of those afflicted or on the economic resources of the States and of the Nation.

(b) It is declared to be the policy of the Congress to promote mental health and to help solve the complex and the interrelated problems posed by mental illness by encouraging the undertaking of nongovernmental, multidisciplinary research into and reevaluation of all aspects of our resources, methods, and practices for diagnosing, treating, caring for, and rehabilitating the mentally ill, including research aimed at the prevention of mental illness. It is the purpose of this joint resolution to implement that policy.

#### SPECIAL PROJECT GRANTS FOR COMPREHENSIVE MENTAL HEALTH STUDY

60 Stat. 423.  
42 USC 242a.

SEC. 3. Part A of title III of the Public Health Service Act is amended by adding after section 303 the following new section:

#### "GRANTS FOR SPECIAL PROJECTS IN MENTAL HEALTH

"SEC. 304. (a) (1) The Surgeon General is authorized, upon the recommendation of the National Advisory Mental Health Council, to make grants for the carrying out of a program of research into and study of our resources, methods, and practices for diagnosing, treating, caring for, and rehabilitating the mentally ill, such program to be on a scale commensurate with the problem.

"(2) Such grants may be made to one or more organizations, but only on condition that the organization will undertake and conduct, or if more than one organization is to receive such grants, only on condition that such organizations have agreed among themselves to undertake and conduct, a coordinated program of research into and study of all aspects of the resources, methods, and practices referred to in paragraph (1).

“(3) As used in paragraph (2), the term ‘organization’ means a nongovernmental agency, organization, or commission, composed of representatives of leading national medical and other professional associations, organizations, or agencies active in the field of mental health.

“(b) For such purpose there is hereby authorized to be appropriated for the fiscal year ending June 30, 1956, the sum of \$250,000 to be used for a grant or grants to help initiate the research and study provided for in this section; and the sum of \$500,000 for each of the two succeeding fiscal years for the making of such grants as may be needed to carry the research and study to completion. The terms of any such grant shall provide that the research and study shall be completed not later than three years from the date it is inaugurated; that the grantee shall file annual reports with the Congress, the Surgeon General, and the Governors of the several States, among others that the grantee may select; and that the final report shall be similarly filed.

“(c) Nothing in this section shall in any way affect the availability of amounts otherwise appropriated for work in the field of mental health; nor be construed to interfere with or diminish the more limited and specific programs of research and study being carried on through or under the auspices of the National Institute of Mental Health.

“(d) Any grantee agency, organization, or commission is authorized to accept additional financial support from private or other public sources to assist in carrying on the project authorized by this section.”

#### AN AGREEMENT TO EXTEND THE INTERSTATE COMPACT TO CONSERVE OIL AND GAS

Whereas, on the 16th day of February, 1935, in the City of Dallas, Texas, there was executed "An Interstate Compact to Conserve Oil and Gas" which was thereafter formally ratified and approved by the States of Oklahoma, Texas, New Mexico, Illinois, Colorado, and Kansas, the original of which is now on deposit with the Department of State of the United States, a true copy of which follows:

#### "AN INTERSTATE COMPACT TO CONSERVE OIL AND GAS

##### "ARTICLE I

"This agreement may become effective within any compacting state at any time as prescribed by that state, and shall become effective within those states ratifying it whenever any three of the states of Texas, Oklahoma, California, Kansas, and New Mexico have ratified and Congress has given its consent. Any oil-producing state may become a party hereto as hereinafter provided.

## "ARTICLE II

"The purpose of this compact is to conserve oil and gas by the prevention of physical waste thereof from any cause.

## "ARTICLE III

"Each state bound hereby agrees that within a reasonable time it will enact laws, or if laws have been enacted, then it agrees to continue the same in force, to accomplish within reasonable limits the prevention of:

- "(a) The operation of any oil well with an inefficient gas-oil ratio.
- "(b) The drowning with water of any stratum capable of producing oil or gas, or both oil and gas, in paying quantities.
- "(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well.
- "(d) The creation of unnecessary fire hazards.
- "(e) The drilling, equipping, locating, spacing or operating of a well or wells so as to bring about physical waste of oil or gas or loss in the ultimate recovery thereof.
- "(f) The inefficient, excessive or improper use of the reservoir energy in producing any well.

"The enumeration of the foregoing subjects shall not limit the scope of the authority of any state.

## "ARTICLE IV

"Each state bound hereby agrees that it will, within a reasonable time, enact statutes, or if such statutes have been enacted then that it will continue the same in force, providing in effect that oil produced in violation of its valid oil and/or gas conservation statutes or any valid rule, order or regulation promulgated thereunder, shall be denied access to commerce; and providing for stringent penalties for the waste of either oil or gas.

## "ARTICLE V

"It is not the purpose of this compact to authorize the states joining herein to limit the production of oil or gas for the purpose of stabilizing or fixing the price thereof, or create or perpetuate monopoly, or to promote regimentation, but is limited to the purpose of conserving oil and gas and preventing the avoidable waste thereof within reasonable limitations.

## "ARTICLE VI

"Each State joining herein shall appoint one representative to a commission hereby constituted and designated as the Interstate Oil Compact Commission, the duty of which said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about conservation and the prevention of physical waste of oil and gas, and at such intervals as said commission deems beneficial it shall report its findings and recommendations to the several States for adoption or rejection.

"The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their several jurisdictions to promote the maximum ultimate recovery from the petroleum reserves of said states, and to recommend measures for the maximum ultimate recovery of oil and gas. Said Commission shall organize and adopt suitable rules and regulations for the conduct of its business.

"No action shall be taken by the Commission except: (1) by the affirmative votes of the majority of the whole number of the compacting States represented at any meeting, and (2) by a concurring vote of a majority in interest of the compacting States at said meeting, such interest to be determined as follows: such vote of each State shall be in the decimal proportion fixed by the ratio of its daily average production during the preceding calendar half-year to the daily average production of the compacting States during said period.

"ARTICLE VII

"No State by joining herein shall become financially obligated to any other State, nor shall the breach of the terms hereof by any State subject such State to financial responsibility to the other States joining herein.

"ARTICLE VIII

"This compact shall expire September 1, 1937. But any State joining herein, may upon sixty (60) days notice, withdraw herefrom.

"The representatives of the signatory States have signed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the Governor of each of the signatory States.

"This compact shall become effective when ratified and approved as provided in Article I. Any oil-producing State may become a party hereto by affixing its signature to a counterpart to be similarly deposited, certified, and ratified."

Whereas, the said Interstate Compact to Conserve Oil and Gas has heretofore been duly renewed and extended with the consent of the Congress to September 1, 1955; and,

Whereas, it is desired to renew and extend the said Interstate Compact to Conserve Oil and Gas for a period of four (4) years from September 1, 1955, to September 1, 1959;

Now, Therefore, This Writing Witnesseth:

It is hereby agreed that the Compact entitled "An Interstate Compact to Conserve Oil and Gas" executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States, a correct copy of which appears above, be, and the same hereby is, extended for a period of four (4) years from September 1, 1955, its present date of expiration. This agreement shall become effective when executed, ratified, and approved as provided in Article I of the original Compact.

The signatory states have executed this agreement in a single original which is deposited in the archives of the Department of State of the United States and a duly certified copy thereof shall be forwarded to the Governor of each of the signatory states. "3. Customs duties on United States articles, and on Philippine articles, other than ordinary customs duties, shall be determined without regard to the provisions of Paragraphs 1 and 2 of this Article, but shall be subject to the provisions of Paragraph 4 of this Article.

"4. With respect to United States articles imported into the Philippines, and with respect to Philippine articles imported into the United States, no duty on or in connection with importation shall be collected or paid in an amount in excess of the duty imposed with respect to like articles which are the product of any other foreign country, or collected or paid in any amount if the duty is not imposed with respect to such like articles. As used in this Paragraph, the term 'duty' includes taxes, fees, charges, or exactions, imposed on or in connection with importation, but does not include internal taxes or ordinary customs duties.

"5. With respect to products of the United States which do not come within the definition of United States articles, imported into the Philippines, no duty on or in connection with importation shall be collected or paid in an amount in excess of the duty imposed with respect to like articles which are the product of any other foreign

country, or collected or paid in any amount if the duty is not imposed with respect to such like articles which are the product of any other foreign country. As used in this Paragraph the term 'duty' includes taxes, fees, charges, or exactions, imposed on or in connection with importation, but does not include internal taxes.

"6. With respect to products of the Philippines, which do not come within the definition of Philippine articles, imported into the United States, no duty on or in connection with importation shall be collected or paid in an amount in excess of the duty imposed with respect to like articles which are the product of any other foreign country (except Cuba), or collected or paid in any amount if the duty is not imposed with respect to such like articles which are the product of any other foreign country (except Cuba). As used in this Paragraph the term 'duty' includes taxes, fees, charges, or exactions, imposed on or in connection with importation, but does not include internal taxes.

"7. Notwithstanding the provisions of Paragraph 1 of this Article, the Philippines shall impose a temporary special import tax, in lieu of the present tax on the sale of foreign exchange, on any article or product imported or brought into the Philippines, irrespective of source; provided that such special levy is applied in a non-discriminatory manner pursuant to Paragraphs 4 and 5 of this Article, that the initial tax is at a rate no higher than the present rate of the foreign exchange tax, and that the tax shall be progressively reduced at a rate no less rapid than that specified in the following Schedule. If, as a result of applying this Schedule, the total revenue from Philippine customs duties and from the special import tax on goods coming from the United States is less in any calendar year than the proceeds from the exchange tax on such goods during the calendar year 1955, no reduction need be made in the special import tax for the next succeeding calendar year, and, if necessary to restore revenues collected on the importation of United States goods to the level of the exchange tax on such goods in calendar year 1955, the Philippines may increase the rate for such succeeding calendar year to any previous level provided for in this Schedule which is considered to be necessary to restore such revenues to the amount collected from the exchange tax on United States goods in calendar year 1955. Rates for the special import levy in subsequent years shall be fixed in accordance with the schedules specified in this Article, except as the Philippine Government may determine that higher rates are necessary to maintain the above-mentioned level of revenues from the importation of United States goods. In this event, such rate shall be determined by the Philippine Government, after consultation with the United States Government, at a level of the Schedule calculated to cover any anticipated deficiency arising from the operation of this provision.

The establishment herein of the limitations on the amounts of Philippine raw and refined sugar that may be entered, or withdrawn from warehouse, in the United States for consumption, shall be without prejudice to any increases which the Congress of the United States might allocate to the Philippines in the future. The following Schedule to Paragraph 1 shall constitute an integral part thereof:

## “SCHEDULE OF ABSOLUTE QUOTAS

C	Coconut oil	200,000 long tons
D	Buttons of pearl or shell	850,000 gross

The quantities shown in the Schedule to this Paragraph represent base quantities for the purposes of computing the tariff-free quota and are not absolute quotas. Any such Philippine article so entered, or withdrawn from warehouse, in excess of the duty-free quota provided in this Paragraph shall be subject to one hundred per centum of the United States duty as defined in Subparagraph (g) of Paragraph 1 of the Protocol.

“ARTICLE III

“1. Except as otherwise provided in Article II or in Paragraph 2 of this Article, neither country shall impose restrictions or prohibitions on the importation of any article of the other country, or on the exportation of any article to the territories of the other country, unless the importation of the like article of, or the exportation of the like article to, all third countries is similarly restricted or prohibited. If either country imposes quantitative restrictions on the importation or exportation of any article in which the other country has an important interest and if it makes allotments to any third country, it shall afford such other country a share proportionate to the amount of the article, by quantity or value, supplied by or to it during a previous representative period, due consideration being given to any special factors affecting the trade in such article.

“2. (a) Notwithstanding the provisions of Paragraph 1 of this Article, with respect to quotas on United States articles as defined in Subparagraph (e) of Paragraph 1 of the Protocol or with respect to quotas on Philippine articles as defined in Subparagraph (f) of Paragraph 1 of the Protocol (other than the articles for which quotas are provided in Paragraph 1 of Article II) a quota may be established only if—

“(1) The President of the country desiring to impose the quota, after investigation, finds and proclaims that, as the result of preferential treatment accorded pursuant to this Agreement, any article of the other country is being imported in such increased quantities and under such conditions as to cause or threaten serious injury to domestic producers of like or directly competitive articles; or

“(2) The President of the country desiring to impose the quota finds that such action is necessary to forestall the imminent threat of, or to stop, a serious decline in its monetary reserves, or, in the event its monetary reserves are very low, to achieve a reasonable rate of increase in its reserves.

“(b) Any quota imposed for any twelve-month period under (a) (1) above for the purpose of protecting domestic industry shall not be less than the amount determined by the President of the importing country as the total amount of the articles of such class which, during

the twelve months preceding entry into effect of the quota, was entered, or withdrawn from warehouse, for consumption, after deduction of the amount by which he finds domestic production can be increased during the twelve-month period of the quota; or if the quota is established for any period other than a twelve-month period, it shall not be less than a proportionate amount.

“(c) Each Party agrees not to apply restrictions so as to prevent unreasonably the importation of any description of goods in minimum commercial quantities, the exclusion of which would seriously impair regular channels of trade, or restrictions which would prevent the importation of commercial samples, or prevent compliance with patent, trademark, copyright, or similar procedures.

“(d) Any quota established pursuant to this Paragraph shall not continue in effect longer than necessary to achieve the purposes for its imposition, at which time the President of the country imposing the quota, following investigation, shall find and proclaim that the conditions which gave rise to the establishment of such quota no longer exist.

“3. Either country taking action pursuant to the provisions of this Article shall give notice to the other country as far in advance as may be practicable, and shall afford it an opportunity to consult in respect of the proposed action. It is understood that this right of consultation does not imply that the consent of the other country to the establishment of the quota is needed in order for the quota to be put into effect.

#### “ARTICLE IV

“1. With respect to articles which are products of the United States coming into the Philippines, or with respect to articles manufactured in the Philippines wholly or in part from such articles, no internal tax shall be—

“(a) Collected or paid in an amount in excess of the internal tax imposed with respect to like articles which are the product of the Philippines, or collected or paid in any amount if the internal tax is not imposed with respect to such like articles;

“(b) Collected or paid in an amount in excess of the internal tax imposed with respect to like articles which are the product of any other foreign country, or collected or paid in any amount if the internal tax is not imposed with respect to such like articles.

Where an internal tax is imposed with respect to an article which is the product of a foreign country to compensate for an internal tax imposed (1) with respect to a like article which is the product of the Philippines, or (2) with respect to materials used in the production of a like article which is the product of the Philippines, if the amount of the internal tax which is collected and paid with respect to the article which is the product of the United States is not in excess of that permitted by Paragraph 1 (b) of Article IV such collection and payment shall not be regarded as in violation of the first sentence of this Paragraph.

“2. With respect to articles which are products of the Philippines coming into the United States, or with respect to articles manufactured in the United States wholly or in part from such articles, no internal tax shall be—

“(a) Collected or paid in an amount in excess of the internal tax imposed with respect to like articles which are the product of the United States, or collected or paid in any amount if the internal tax is not imposed with respect to such like articles;

“(b) Collected or paid in an amount in excess of the internal tax imposed with respect to like articles which are the product of

any other foreign country, or collected or paid in any amount if the internal tax is not imposed with respect to such like articles. Where an internal tax is imposed with respect to an article which is the product of a foreign country to compensate for an internal tax imposed (1) with respect to a like article which is the product of the United States, or (2) with respect to materials used in the production of a like article which is the product of the United States, if the amount of the internal tax which is collected and paid with respect to the article which is the product of the Philippines is not in excess of that permitted by Paragraph 2 (b) of Article IV such collection and payment shall not be regarded as in violation of the first sentence of this Paragraph. This Paragraph shall not apply to the taxes imposed under Sections 4591, 4812, or 4831 of the Internal Revenue Code of the United States which are set forth in part as Annexes IV, V, and VI of this Agreement.

“3. No processing tax or other internal tax shall be imposed or collected in the United States or in the Philippines with respect to articles coming into such country for the official use of the Government of the Philippines or of the United States, respectively, or any department or agency thereof.

“4. No processing tax or other internal tax shall be imposed or collected in the United States with respect to manila (abaca) fiber not dressed or manufactured in any manner.

“5. The United States will not reduce the preference of two cents per pound provided in Section 4513 of the Internal Revenue Code of the United States (relating to processing taxes on coconut oil, etc.), which is set forth as Annex VII to this Agreement, with respect to articles ‘wholly the production of the Philippine Islands’ or articles ‘produced wholly from materials the growth or production of the Philippine Islands’; except that it may suspend the provisions of Section 4511 (b) of the Internal Revenue Code of the United States during any period as to which the President of the United States, after consultation with the President of the Philippines, finds that adequate supplies of neither copra nor coconut oil, the product of the Philippines, are readily available for processing in the United States.

#### “ARTICLE V

“The Republic of the Philippines will take the necessary legislative and executive actions, prior to or at the time of the entry into force of the revisions of this Agreement authorized by the Congress of the United States and the Congress of the Philippines in 1955, to enact and implement legislation similar to that already enacted by the Congress of the United States as Public Law 419, 83rd Congress, Chapter 323, 2d Session, to facilitate the entry of Philippine traders.

68 Stat. 264.  
8 USC 1184a.

#### “ARTICLE VI

“1. The disposition, exploitation, development, and utilization of all agricultural, timber, and mineral lands of the public domain, waters, minerals, coal, petroleum and other mineral oils, all forces and sources of potential energy, and other natural resources of either Party, and the operation of public utilities, shall, if open to any person, be open to citizens of the other Party and to all forms of business enterprise owned or controlled, directly or indirectly, by citizens of such other Party in the same manner as to and under the same conditions imposed upon citizens or corporations or associations owned or controlled by citizens of the Party granting the right.

"2. The rights provided for in Paragraph 1 may be exercised, in the case of citizens of the Philippines with respect to natural resources in the United States which are subject to Federal control or regulations, only through the medium of a corporation organized under the laws of the United States or one of the States thereof and likewise, in the case of citizens of the United States with respect to natural resources in the public domain in the Philippines, only through the medium of a corporation organized under the laws of the Philippines and at least 60% of the capital stock of which is owned or controlled by citizens of the United States. This provision, however, does not affect the right of citizens of the United States to acquire or own private agricultural lands in the Philippines or citizens of the Philippines to acquire or own land in the United States which is subject to the jurisdiction of the United States and not within the jurisdiction of any State and which is not within the public domain. The Philippines reserves the right to dispose of its public lands in small quantities on especially favorable terms exclusively to actual settlers or other users who are its own citizens. The United States reserves the right to dispose of its public lands in small quantities on especially favorable terms exclusively to actual settlers or other users who are its own citizens or aliens who have declared their intention to become citizens. Each Party reserves the right to limit the extent to which aliens may engage in fishing or engage in enterprises which furnish communications services and air or water transport. The United States also reserves the right to limit the extent to which aliens may own land in its outlying territories and possessions, but the Philippines will extend to American nationals who are residents of any of those outlying territories and possessions only the same rights, with respect to ownership of lands, which are granted therein to citizens of the Philippines. The rights provided for in this Paragraph shall not, however, be exercised by either Party so as to derogate from the rights previously acquired by citizens or corporations or associations owned or controlled by citizens of the other Party.

"3. The United States of America reserves the rights of the several States of the United States to limit the extent to which citizens or corporations or associations owned or controlled by citizens of the Philippines may engage in the activities specified in this Article. The Republic of the Philippines reserves the power to deny any of the rights specified in this Article to citizens of the United States who are citizens of States, or to corporations or associations at least 60% of whose capital stock or capital is owned or controlled by citizens of States, which deny like rights to citizens of the Philippines, or to corporations or associations which are owned or controlled by citizens of the Philippines. The exercise of this reservation on the part of the Philippines shall not affect previously acquired rights, provided that in the event that any State of the United States of America should in the future impose restrictions which would deny to citizens or corporations or associations owned or controlled by citizens of the Philippines the right to continue to engage in activities in which they were engaged therein at the time of the imposition of such restrictions, the Republic of the Philippines shall be free to apply like limitations to the citizens or corporations or associations owned or controlled by citizens of such States.

#### "ARTICLE VII

"1. The Republic of the Philippines and the United States of America each agrees not to discriminate in any manner, with respect to their engaging in business activities, against the citizens or any form of business enterprise owned or controlled by citizens of the

other and that new limitations imposed by either Party upon the extent to which aliens are accorded national treatment with respect to carrying on business activities within its territories, shall not be applied as against enterprises owned or controlled by citizens of the other Party which are engaged in such activities therein at the time such new limitations are adopted, nor shall such new limitations be applied to American citizens or corporations or associations owned or controlled by American citizens whose States do not impose like limitations on citizens or corporations or associations owned or controlled by citizens of the Republic of the Philippines.

"2. The United States of America reserves the rights of the several States of the United States to limit the extent to which citizens or corporations or associations owned or controlled by citizens of the Philippines may engage in any business activities. The Republic of the Philippines reserves the power to deny any rights to engage in business activities to citizens of the United States who are citizens of States, or to corporations or associations at least 60% of the capital stock or capital of which is owned or controlled by citizens of States, which deny like rights to citizens of the Philippines or to corporations or associations owned or controlled by citizens of the Philippines. The exercise of this reservation on the part of the Philippines shall not affect previously acquired rights, provided that in the event that any State of the United States of America should in the future impose restrictions which would deny to citizens or corporations or associations owned or controlled by citizens of the Philippines the right to continue to engage in business activities in which they were engaged therein at the time of the imposition of such restrictions, the Republic of the Philippines shall be free to apply like limitations to the citizens or corporations or associations owned or controlled by citizens of such States.

#### "ARTICLE VIII

"Nothing in this Agreement shall be construed:

"(1) to require either Party to furnish any information the disclosure of which it considers contrary to its essential security interests; or

"(2) to prevent either Party from taking any action which it considers necessary for the protection of its essential security interests—

"(a) relating to fissionable materials or the materials from which they are derived;

"(b) relating to the traffic in arms, ammunition and implements of war and to such traffic in other goods and materials as is carried on directly or indirectly for the purpose of supplying a military establishment;

"(c) taken in time of war or other emergency in international relations; or

"(3) to prevent either Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.

#### "ARTICLE IX

"1. Upon the taking effect of this Agreement, and upon the taking effect of the revisions thereof authorized by the Congress of the United States and the Congress of the Philippines in 1955, the provisions placing obligations on the United States: (a) if in effect as laws of the United States at the time of such taking effect, shall continue in effect as laws of the United States during the effectiveness of the Agreement;

or (b) if not so in effect, shall take effect and continue in effect as laws of the United States during the effectiveness of the Agreement. The Philippines will continue in effect as laws of the Philippines, during the effectiveness of this Agreement, the provisions thereof placing obligations on the Philippines.

"2. The United States and the Philippines will promptly enact, and shall keep in effect during the effectiveness of this Agreement, such legislation as may be necessary to supplement the laws of the United States and the Philippines, respectively, referred to in Paragraph 1 of this Article, and to implement the provisions of such laws and the provisions of this Agreement placing obligations on the United States and the Philippines, respectively.

#### "ARTICLE X

"The United States and the Philippines agree to consult with each other with respect to any questions as to the interpretation or the application of this Agreement, concerning which either Government may make representations to the other. Not later than July 1, 1971, the United States and the Philippines agree to consult with each other as to joint problems which may arise as a result or in anticipation of the termination of this Agreement.

#### "ARTICLE XI

"1. This Agreement shall have no effect after July 3, 1974. It may be terminated by either the United States or the Philippines at any time, upon not less than five years' written notice. If the President of the United States or the President of the Philippines determines and proclaims that the other country has adopted or applied measures or practices which would operate to nullify or impair any right or obligation provided for in this Agreement, then the Agreement may be terminated upon not less than six months' written notice.

"2. The revisions of this Agreement authorized by the Congress of the United States and the Congress of the Philippines in 1955 shall enter into force on January 1, 1956.

#### "PROTOCOL TO ACCOMPANY THE AGREEMENT BETWEEN THE UNITED STATES OF AMERICA AND THE REPUBLIC OF THE PHILIPPINES CONCERNING TRADE AND RELATED MATTERS DURING A TRANSITIONAL PERIOD FOLLOWING THE INSTITUTION OF PHILIPPINE INDEPENDENCE, SIGNED AT MANILA ON JULY 4, 1946, AS REVISED

"The undersigned duly empowered Plenipotentiaries have agreed to the following Protocol to the Agreement between the United States of America and the Republic of the Philippines concerning trade and related matters during a transitional period following the institution of Philippine Independence, signed at Manila on July 4, 1946, as revised, which shall constitute an integral part of the Agreement:

"1. For the purpose of the Agreement—

"(a) The term 'person' includes partnerships, corporations, and associations.

"(b) The term 'United States' means the United States of America and, when used in a geographical sense, means the States, the District of Columbia, the Territories of Alaska and Hawaii, and Puerto Rico.

- “(c) The term ‘Philippines’ means the Republic of the Philippines and, when used in a geographical sense, means the territories of the Republic of the Philippines, whether a particular act in question took place, or a particular situation in question existed, within such territories before or after the institution of the Republic of the Philippines. As used herein the territories of the Republic of the Philippines comprise all the territories specified in Section 1 of Article I of the Constitution of the Philippines which is set forth as Annex X to this Agreement.
- “(d) The term ‘ordinary customs duty’ means a customs duty based on the article as such (whether or not such duty is also based in any manner on the use, value, or method of production of the article, or on the amount of like articles imported, or on any other factor) ; but does not include—
- “(1) A customs duty based on an act or omission of any person with respect to the importation of the article, or of the country from which the article is exported, or from which it comes; or
  - “(2) A countervailing duty imposed to offset a subsidy, bounty, or grant; or
  - “(3) An anti-dumping duty imposed to offset the selling of merchandise for exportation at a price less than the prevailing price in the country of export; or
  - “(4) Any tax, fee, charge, or exaction, imposed on or in connection with importation unless the law of the country imposing it designates or imposes it as a customs duty or contains a provision to the effect that it shall be treated as a duty imposed under the customs laws; or
  - “(5) The tax imposed by Section 4581 of the Internal Revenue Code of the United States, which is set forth as Annex VIII to this Agreement, with respect to an article, merchandise, or combination, ten per centum or more of the quantity by weight of which consists of, or is derived directly or indirectly from, one or more of the oils, fatty acids, or salts specified in Section 4511 of such Code which is set forth as Annex VII to this Agreement; or the tax imposed by Section 4501 (b) of such Code which is set forth as Annex IX to this Agreement.
- “(e) The term ‘United States article’ means an article which is the product of the United States, unless, in the case of an article produced with the use of materials imported into the United States from any foreign country (except the Philippines) the aggregate value of such imported materials at the time of importation into the United States was more than twenty per centum of the value of the article imported into the Philippines, the value of such article to be determined in accordance with, and as of the time provided by, the customs laws of the Philippines in effect at the time of importation of such article. As used in this Subparagraph the term ‘value’, when used in reference to a material imported into the United States, includes the value of the material ascertained under the customs laws of the United States in effect at the time of importation into

the United States, and, if not included in such value, the cost of bringing the material to the United States, but does not include the cost of landing it at the port of importation, or customs duties collected in the United States. For the purposes of this Subparagraph any imported material, used in the production of an article in the United States, shall be considered as having been used in the production of an article subsequently produced in the United States, which is the product of a chain of production in the United States in the course of which an article, which is the product of one stage of the chain, is used by its producer or another person, in a subsequent stage of the chain, as a material in the production of another article. It is understood that 'United States articles' do not lose their status as such, for the purpose of Philippine tariff preferences, by reason of being imported into the Philippines from a country other than the United States or from an insular possession of the United States or by way of or via such a country or insular possession.

- “(f) The term ‘Philippine article’ means an article which is the product of the Philippines, unless, in the case of an article produced with the use of materials imported into the Philippines from any foreign country (except the United States) the aggregate value of such imported materials at the time of importation into the Philippines was more than twenty per centum of the value of the article imported into the United States, the value of such article to be determined in accordance with, and as of the time provided by, the customs laws of the United States in effect at the time of importation of such article. As used in this Subparagraph the term ‘value’, when used in reference to a material imported into the Philippines, includes the value of the material ascertained under the customs laws of the Philippines in effect at the time of importation into the Philippines, and, if not included in such value, the cost of bringing the material to the Philippines, but does not include the cost of landing it at the port of importation, or customs duties collected in the Philippines. For the purposes of this Subparagraph any imported material, used in the production of an article in the Philippines, shall be considered as having been used in the production of an article subsequently produced in the Philippines, which is the product of a chain of production in the Philippines in the course of which an article, which is the product of one stage of the chain, is used by its producer or another person, in a subsequent stage of the chain, as a material in the production of another article. It is understood that ‘Philippine articles’ do not lose their status as such, for the purpose of United States tariff preferences, by reason of being imported into the United States from a country other than the Philippines or from an insular possession of the United States or by way of or via such a country or insular possession.
- “(g) The term ‘United States duty’ means the rate or rates of ordinary customs duty which (at the time and place of entry, or withdrawal from warehouse, in the United States for consumption, of the Philippine article) would

be applicable to a like article if imported from that foreign country which is entitled to the lowest rate, or the lowest aggregate of rates, of ordinary customs duty with respect to such like article.

“(h) The term ‘Philippine duty’ means the rate or rates of ordinary customs duty which (at the time and place of entry, or withdrawal from warehouse, in the Philippines for consumption, of the United States article) would be applicable to a like article if imported from that foreign country which is entitled to the lowest rate, or the lowest aggregate of rates, of ordinary customs duty with respect to such like article.

“(i) The term ‘internal tax’ includes an internal fee, charge, or exaction, and includes—

“(1) The tax imposed by Section 4581 of the Internal Revenue Code of the United States which is set forth as Annex VIII to this Agreement, with respect to an article, merchandise, or combination, ten per centum or more of the quantity by weight of which consists of, or is derived directly or indirectly from, one or more of the oils, fatty acids, or salts specified in Section 4511 of such Code which is set forth as Annex VII to this Agreement; and the tax imposed by Section 4501 (b) of such Code which is set forth as Annex IX to this Agreement; and

“(2) Any other tax, fee, charge, or exaction, imposed on or in connection with importation unless the law of the country imposing it designates or imposes it as a customs duty or contains a provision to the effect that it shall be treated as a duty imposed under the customs laws.

“2. For the purposes of Subparagraphs (g) and (h) of Paragraph 1 of this Protocol—

“(a) If an article is entitled to be imported from a foreign country free of ordinary customs duty, that country shall be considered as the country entitled to the lowest rate of ordinary customs duty with respect to such article; and

“(b) A reduction in ordinary customs duty granted any country, by law, treaty, trade agreement, or otherwise, with respect to any article, shall be converted into the equivalent reduction in the rate of ordinary customs duty otherwise applicable to such article.

“3. For the purposes of Paragraphs 1 and 2 of Article IV, any material, used in the production of an article, shall be considered as having been used in the production of an article subsequently produced, which is the product of a chain of production in the course of which an article, which is the product of one stage of the chain, is used by its producer or another person, in a subsequent stage of the chain, as a material in the production of another article.

“4. The terms ‘includes’ and ‘including’ when used in a definition contained in this Agreement shall not be deemed to exclude other things otherwise within the meaning of the term defined.”

## CHAPTER 542

August 4, 1955  
[H.J. Res. 359]

### JOINT RESOLUTION

To authorize the designation of October 22, 1955, as National Olympic Day.

Whereas the XVIth Olympic Games of the modern era will be held in Melbourne, Australia, November 22 to December 8, 1956, with Winter Games to be held at Cortina d'Ampezzo, Italy, January 26 to February 5, 1956; and

Whereas these games will afford an opportunity of bringing together young men and women representing more than seventy nations, of many races, creeds, and stations in life and possessing various habits and customs, all bound by the universal appeal of friendly athletic competition, governed by rules of sportsmanship and dedicated to the principle that the important thing is for each and every participant to do his very best to win in a manner that will reflect credit upon himself or herself, and the country represented; and

Whereas the peoples of the world in these trying times require above all else occasions for friendship and understanding, and among the most telling things which influence people of other countries are the acts of individuals and not those of governments; and

Whereas experiences afforded by the Olympic Games make a unique contribution to common understanding and mutual respect among all peoples; and

Whereas previous Olympic Games have proved that competitors and spectators alike have been imbued with ideals of friendship, chivalry, and comradeship and impressed with the fact that accomplishment is reward in itself; and

Whereas the United States Olympic Association is presently engaged in assuring maximum support for the teams representing the United States at Melbourne and Cortina d'Ampezzo; and

Whereas a day set aside by this Nation for a rededication to the amateur ideal could accomplish great good in encouraging good will for these games: Therefore be it

National Olympic  
Day.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That the President of the United States is authorized and requested to issue a proclamation designating the 22d of October 1955 as National Olympic Day and urging all citizens of our country to do all in their power to support the XVIth Olympic Games and the Winter Games to be held in 1956, and to insure that the United States will be fully and adequately represented in these games.

The appraisals shall be made by the Federal Housing Commissioner or his designee. The Commission shall reimburse the Federal Housing Commissioner for the cost of such appraisals. Appraisals made under this section shall be the appraisals on which the Federal Housing Commissioner may insure any mortgage or loan under the National Housing Act until such time as he finds that the appraisal values generally in the community no longer represent the fair market values of the properties.

application by the prospective purchaser, be deducted the amount by which the current fair market value of the Government's interest in the premises is enhanced as a result of improvements to the premises made by, or at the expense of, the prospective purchaser.

b. A junior occupant of a duplex house, which was purchased by the senior occupant, shall, upon application therefor, be entitled to a credit, against the purchase price of any residential property purchased through the exercise of a priority right established under the provisions of section 42, for the amount by which the current fair market value of the Government's interest in the duplex house of which he was an occupant is enhanced as a result of improvements to the premises of such duplex house made by, or at the expense of, the junior occupant.

c. The value of the improvements as specified in subsections 36 a. and b. shall be determined in accordance with the provisions of section 32.

d. Persons purchasing property pursuant to the provisions of section 52, who do not desire to avail themselves of the indemnity provisions contained in sections 63 through 66, shall be entitled to an additional deduction of 10 per centum of the appraised value of the property in addition to any other deduction set forth in this section.

The Classification shall be made by such procedures, consistent with this chapter, as it shall determine.

b. The commission may, but shall not be required to, classify any other real property at or in the vicinity of the community, whether within or outside of that community.

SEC. 42. PRIORITIES.—The Commission shall establish, by rule or regulation, a detailed system of reasonable and fair priority rights applicable to the sale of Government-owned property to private purchasers at each community. The priorities shall—

a. be uniform in each class or subclass of property;

b. give such preference to occupants and project-connected persons and to incoming employees of the Commission, of a contractor, or of a licensee as the Commission finds necessary or desirable, giving due consideration to the following factors:

(1) The retention and recruitment of personnel essential to the atomic energy program;

(2) The minimization of dislocations within the community;

(3) The expeditious accomplishment of the disposal program; and

(4) The desirability of encouraging private firms to locate or remain in the community;

c. give the occupant of a Government-owned single family house, and the senior occupant of a duplex house, at least ninety days in which to exercise the first right of priority;

d. permit persons who have formerly been occupants, project-connected persons, or inhabitants of the community, upon application therefor, to have such priority as the Commission finds to be fair and equitable; and

d. the Commission may permit such other transfers as it finds to be fair and equitable.

SEC. 52. DISPOSAL OF PROPERTY.—

a. The Commission shall offer for disposal all real property (including such improvements thereon and such fixtures, equipment, and other personal property incident thereto as it may deem appropriate) within the community which is presently under lease or license agreement with the Commission or its community management contractor for residential, commercial or industrial, agricultural, church or other nonprofit use, or which, in the opinion of the Commission, is appropriate for such use, other than—

(1) structures which in the opinion of the Commission should be removed from the community because of their unsatisfactory type of construction, condition, or location; or

(2) property which in the opinion of the Commission should be transferred pursuant to chapter 7 or chapter 8.

b. The Commission may, but shall not be required to, dispose of any other real property at the community, whether within or outside of that community.

c. Such property shall be disposed of on such terms and conditions, consistent with this chapter, as the Commission shall prescribe in the national interest, and without regard to any preferences or priorities whatever except those provided for pursuant to this Act. Transfers by the Commission of such property shall not impair rights under existing leases and covenants, including any purchase rights therein conferred.

SEC. 53. SALES.—

a. Where rights of priority have been granted pursuant to the provisions of this Act to Government-owned property, it shall be offered for sale to priority purchaser by giving notice to those eligible for such priority. Such notice shall (1) be in such manner as the Commission shall prescribe, (2) identify the property to be sold, and (3) state the terms and conditions of sale and the date of the offer which, in the case of occupants of single

family or duplex houses, shall expire not less than ninety days after the date of the offer.

b. Any property (other than church property) classified for sale under section 41 and offered for sale under section 52, as to which no priority right has been conferred, or as to which all priority rights have expired, shall be advertised for sale to the highest bidder, subject to the right of the Commission to reject any or all bids, and also subject to the right of an occupant of a Government-owned single family or duplex house to buy such house by paying an amount equal to the highest bid. No bid shall be accepted which is below the appraised value or, in the case of Government-owned single and duplex houses is below 85 per centum of the appraised value.

c. As to any property which has not been sold under subsection 53 b. within one year after the first advertisement for sale under subsection 53 b. the Commission may make such disposition, on such terms and conditions, as it may deem appropriate, but the Commission shall give an occupant of a Government-owned single family or duplex house such further opportunity to purchase such house as shall be fair and equitable.

d. Property for use of churches, in respect of which all priority rights have expired, may be disposed of by advertising and competitive bid, or by negotiated sale or other transfer at such prices, terms, and conditions as the Commission shall determine to be fair and equitable.

SEC. 54. CASH SALES.—All sales shall be for cash, and the buyer shall arrange for the necessary financing, except as provided in chapter 6 of this Act.

SEC. 55. FORM AND PROVISIONS OF INSTRUMENTS.—Deeds executed in connection with the disposal of property pursuant to the provisions of this Act—

a. shall be as simple as the Commission shall find to be appropriate, and may contain such warranties or covenants of title and other provisions (including any indemnity) as the Commission may deem appropriate;

b. with respect to any dormitories or apartment houses and any property used or to be used for construction of housing developments for rental purposes, may retain or acquire such rights to the Commission to designate the future occupants of part or all of such properties as it may deem appropriate to insure the availability of housing for employees of the Commission and its contractors;

c. may require that the transferee, his heirs, successors, and assigns shall compensate the Commission for any municipal services provided by the Commission at rates which will not be in excess of the average tax for such services in the immediate vicinity of the community; and any amounts due and unpaid for such compensation (together with interest and costs thereon) shall, as of the date on which such amounts become delinquent, be a lien in favor of the United States upon the premises sold by the Commission, though not valid as against any mortgagee, pledgee, purchaser, or judgment creditor until notice thereof has been filed in accordance with the laws of the State in which the property is situated or in the office of the clerk of the United States district court for the judicial district in which the property subject to the lien is situated, if such State has not by law provided for the filing of such notice;

d. in transferring any property pursuant to sections 31 and 52, may impose such restrictions and requirements relating to the

use of the premises and to public health and safety, as the Commission may deem appropriate, which restrictions and requirements shall not be valid beyond one year after the incorporation of the city at the community; and

e. may require that any payments in lieu of property taxes or assessments for local improvements made by the Commission with respect to the property shall be equitably prorated.

SEC. 56. OCCUPANCY BY EXISTING TENANTS.—Upon application by any occupant of a single or duplex house made within the period of the first priority when such house is first offered for sale under this Act, the Commission shall execute a lease to such occupant for a period not to exceed one year from the date on which such property is first offered for sale, or for such period as he remains a project-connected person, whichever is shorter. In selling any house with respect to which a lease executed under this section is in effect, the Commission may provide that the purchaser shall assume any or all obligations of the lessor, but the Commission shall guarantee the lessee's performance under the terms of the lease.

SEC. 57. LOTS.—

a. Notwithstanding any other provision of this Act, the Commission is authorized, immediately upon passage of this Act, or immediately upon the inclusion of the community within the provisions of this Act, to offer for sale to the lessees single residential lots, which were leased by competitive bid and which do not have a Government-owned building thereon, at a price equal to the initial valuation of the lot as stated in the lease.

b. The Commission is authorized to offer for sale, as soon as possible, other lots, to individual owners, upon which single family or duplex houses may be erected, taking into consideration the zoning restrictions the new city is likely to enact with respect to those lots.

## CHAPTER 6. FINANCING

SEC. 61. CONTRACT PURCHASE.—The Commission may, in the sale of any single-family or duplex house to a priority purchaser, enter into a contract to purchase which provides that the purchaser shall conclude his purchase within not more than three years after the date the contract is entered into. Such contracts to purchase shall provide for such periodic payments, including payments on account of principal, interest, or tax equivalents, as the Commission shall prescribe.

SEC. 62. COMMISSION FINANCING.—

a. In the event that the Commission finds that financing on reasonable terms is not available from other sources, the Commission may, in order to facilitate the sale of residential property under chapter 5 of this Act, accept, in partial payment of the purchase price of any house, apartment building, or dormitory notes secured by first mortgages on such terms and conditions as the Commission shall deem appropriate. In the case of houses and apartment buildings, the maturity and percentage of appraised value in connection with such notes and mortgages shall not exceed those prescribed under section 223 (a) of the National Housing Act, as amended, and the interest rate shall equal the interest rate plus the premium being charged (and any periodic service charge being authorized by the Federal Housing Commissioner for properties of similar character) under section 223 (a) of the National Housing Act, as amended, at the effective date of such notes and mortgages.

b. The Commission may sell any such notes and mortgages on terms set by the Commission.

SEC. 63. COMMISSION INDEMNITY.—For a period of not more than fifteen years after the date of enactment of this Act, the Commission shall indemnify the purchaser (except a purchaser taking advantage of the provisions of subsection 36 (d)), and any successor in title, of any such single family or duplex house as set forth in this chapter. This indemnity shall be deemed to be incorporated in the deeds given on the sale of Government-owned houses. One person may not invoke the indemnity in respect of more than one house.

SEC. 64. COMMUNITY EMPLOYMENT AND POPULATION.—The indemnity obligation specified in section 63 shall arise only if, for the six months just preceding the date on which it is invoked—

(a) the total number of operating, maintenance, and administrative employees in the project area, as determined by the Commission, has been less than fourteen thousand three hundred and thirty-seven in the case of Oak Ridge or seven thousand six hundred and twenty-two in the case of Richland; and

(b) the population in the community has been less than twenty-nine thousand two hundred and fifty in the case of Oak Ridge or twenty-five thousand two hundred in the case of Richland.

For purposes of this section employment shall be determined on the basis of the pay period or periods ending nearest the 15th of each month.

SEC. 65. AMOUNT OF INDEMNITY.—The indemnity obligation of the Commission specified in section 63 shall be for such amount, less the sales price of the property, as would have remained unpaid under a loan entered into on the date of the execution of the original deed by the Commission—

(1) which was in the amount of the purchase price from the Commission and provided for equal monthly payments of principal and interest over a period of twenty years computed on the basis of the average interest and other charges recorded for property of the same class at the community; and

(2) on which all payments due to the date when notice was received by the Commission had been made.

SEC. 66. CONDITIONS OF INDEMNITY.—The Commission shall make the indemnity payment specified by section 65 only if the Commission receives a notice from the then owner of the property that he is about to sell the property for a sum less than the unpaid balance of the real or hypothetical loan calculated pursuant to section 65. Such payment shall be made only if—

a. notice is given to the Commission at a time when the conditions of section 64 are satisfied;

b. the sale is made within such time as the Commission may prescribe and in a manner which the Commission determined to afford adequate assurance of a fair price without excessive costs; and

c. the Commission is given such prior notice of the sale and such opportunity to become a purchaser as it shall prescribe.

In such circumstances the Commission is hereby authorized to purchase the property. Sales pursuant to this section and payment by the Commission of such amount, if any, as is owing pursuant to sections 63 through 66 shall end the obligation of the Commission under sections 63 through 66 with respect to that property.

## CHAPTER 7. UTILITIES

SEC. 71. AUTHORIZATION TO TRANSFER UTILITIES.—The Commission is authorized to transfer to one or more of the entities specified in this chapter such utilities as in the judgment of the Commission will be appropriate to enable the transferee to meet the needs of the residents of the community for adequate utility services of the kind to be transferred.

SEC. 72. DATE OF TRANSFER.—Transfers of utilities shall be made as soon as possible, but in any event, not later than five years after the date of enactment of this Act.

- (1) the pattern of ownership of the comparable utilities in the State in which the community is located;
- (2) the ability of the transferee to operate the utility;
- (3) the probable price of the sale of the utility, the ability of the transferee to pay that price, and any probable expense;
- (4) the desires of the eligible voters of the community as directly expressed in any vote in any officially recognized procedure or in any procedure established by the Commission; and
- (5) the benefit to the United States in reducing possible requirements for local assistance as authorized in chapters 8 and 9 of this Act.

SEC. 74. UTILITIES TRANSFERABLE.—All utilities are authorized to be transferred under this chapter, but shall not include property which the Commission determines to be needed for its own use.

SEC. 75. CHARGES FOR UTILITIES TRANSFERRED.—The Commission may give the utility to the city incorporated at the community; and must charge in selling the utility to any other transferee. The charges and terms for the transfer of any utility may be established by advertising and competitive bid, or by negotiated sale or other transfer at such prices, terms, and conditions as the Commission shall determine to be fair and equitable.

## CHAPTER 8. MUNICIPALITIES

SEC. 81. ASSISTANCE IN ORGANIZATION.—The Commission is authorized, for a period not to extend beyond five years after the date of enactment of this Act to cooperate with and assist the residents of the community in preparation for and establishment of local self-government and in the transfer of municipal installations and responsibilities to local entities. Such assistance may include payment of any amounts reasonably necessary to meet expenses incident to the establishment and organization of a city government and other local entities at the community, until such time as the municipal installations are transferred in accordance with the provisions of this chapter.

SEC. 82. AUTHORIZATION TO TRANSFER MUNICIPAL INSTALLATIONS.—The Commission is authorized to transfer to one or more of the entities specified in this chapter such municipal installations as in the judg-

ment of the Commission, will be appropriate to enable the transferees to meet the needs of the residents of the community for adequate school, hospital, and other municipal services.

**SEC. 83. DATE OF TRANSFER.**—Transfers of municipal installations may be made at any time, not later than five years after the date of enactment of this Act.

**SEC. 84. ENTITY RECEIVING TRANSFER.**—

a. Transfers may be made to one or more of the following, if the entity has the legal authority to receive the installation: (1) the city at the community; (2) the State in which the community is located; (3) any political subdivision or agency of that State; or (4) a private nonprofit organization in the case of the hospital installation or cemetery at the community.

b. In determining the entity to which school, hospital, and other municipal installations, respectively, shall be transferred, the Commission shall be governed, in order, by

(1) the results of a vote in which the eligible voters in the community expressed themselves directly on the transfer in the vote on the incorporation of the city;

(2) the results of a vote in which the eligible voters have directly expressed themselves on the proposed transfer in a referendum or other officially recognized procedure;

(3) there being only one entity which is legally authorized to receive the municipal installation; or

(4) in the absence of the other alternatives, the Commission has conducted a vote of the eligible voters of the community on the proposed transfer under such procedures as it may establish.

**SEC. 86. CHARGES FOR MUNICIPAL INSTALLATIONS TRANSFERRED.**—The transfer of any municipal installation authorized to be made under the provisions of this chapter may be made without charge to the entity receiving the installation.

## CHAPTER 9. LOCAL ASSISTANCE

**SEC. 91. BASIS OF ASSISTANCE TO CITIES AND OTHER STATE AND LOCAL ENTITIES.**—

a. From the date of transfer of any municipal installations to a governmental or other entity at or for the community, the Commission shall, for a period of ten years, make annual assistance payments of just and reasonable sums to the State, county, or local entity having jurisdiction to collect property taxes or to the entity receiving the installation transferred hereunder. In determining the amount and recipient of such payments, the Commission shall consider—

(1) the approximate real property taxes and assessments for local improvements which would be paid to the governmental entity upon property within the community if such property were not exempt from taxation by reason of Federal ownership;

(2) the maintaining of municipal services at a level which will not impede the recruitment or retention of personnel essential to the atomic energy program;

(3) the fiscal problems peculiar to the governmental entity by reason of the construction at the community as a single purpose national defense installation under emergency conditions; and

(4) the municipal services and other burdens imposed on the governmental or other entities at the community by the United States in its operations in the project area.

b. Special interim payments may be made under the provisions of this section to any governmental entity which—

(1) has a special burden due to the requirements under law imposed upon it in assisting in effectuating the purposes of this Act for which it will not otherwise receive adequate compensation or revenues; or

(2) will suffer a tax loss or lapse in place of which it will not receive any other adequate revenues until the new governmental entities contemplated by this chapter are receiving their normal taxes and performing their normal functions,

c. Payments made under this section shall be payments made for special burdens imposed on the local governmental entities in accordance with the second sentence of section 168 of the Atomic Energy Act of 1954. Payments may be made under this section notwithstanding the provisions of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress), as amended.

d. With respect to any entity not less than six months prior to the expiration of the ten-year period referred to in subsection a, the Commission shall present to the Joint Committee on Atomic Energy its recommendation as to the need for any further contribution payments to such entity. If it recommends further contribution payments, it shall propose a definite schedule of such contribution payments which will provide for an orderly and reasonably prompt withdrawal of the Atomic Energy Commission from participation in and contribution toward local government.

SEC. 92. COMMISSION REDUCTIONS.—Any payment which becomes due under section 91 prior to the transfer of all municipal installations at the community may be reduced by such amount as the Commission determines to be equitable based on the municipal services then being performed by the Commission, and the municipal services then being performed by such governmental entity.

SEC. 93. AREA OF SERVICE.—The payments made pursuant to section 91 to transferees of municipal installations are in anticipation that the respective recipients of those payments furnish, or have furnished, for the community, the school, hospital, or other municipal services in respect of which the payments are made. Any such payment may be withheld, in whole or in part, if the Commission finds that the recipient is not furnishing such services for any part of the area so designated.

SEC. 94. COMMISSION CONTRACTS.—The Commission is authorized, without regard to section 3679 of the Revised Statutes, to enter into a contract with any governmental or other entity to which payments are required to be made pursuant to section 91, obligating the Commission to make to such entity the payments as directed to be made by section 91.

SEC. 5. (a) This Act applies to all positions under the Board which require at least a bachelor's degree in an appropriate field, and in addition—

- (1) involve classroom or other instruction or the supervision and direction of classroom and other instructional activities; or
- (2) involve activities, other than teaching, which require the incumbents to possess academic credits in educational theory and

practice at least equivalent to those required of a teacher with a bachelor's degree; or

(3) involve activities which are so directly related to the educational process that the positions have characteristics of the educational field to a marked degree, even though academic credits in educational theory and practice are not required; or

(4) involve the management or direction or organizational units or school services which, though not directly involved in the educational process, require the incumbent to deal so extensively with employees who are directly involved in the educational process on problems that require an understanding of the aims, methods and points of view of educators and educational philosophy, that it becomes impractical, insofar as salary treatment is concerned, to attempt to distinguish between them and positions covered under paragraphs (1), (2), or (3) of this subsection. This paragraph (4) shall apply only to such positions as are necessary to coordinate such noneducational units or services with the educational activities of the school system.

Authority of Board to determine positions, etc.

(b) The Board, with the concurrence of the Board of Commissioners of the District of Columbia, is authorized to determine which positions meet the criteria specified in subsection (a) of this section and to establish or transfer positions covered under other wage or salary fixing acts or authorities to the coverage of this Act. Similarly, the Board, with the concurrence of the said Board of Commissioners, is authorized to determine that positions covered under this Act do not meet the criteria specified in subsection (a) of this section and to remove any such position from the coverage of this Act: *Provided*, That any employee occupying any position covered by this Act on the effective date of this Act, but which is later determined not to meet the criteria specified in subsection (a) of this section, shall continue to be entitled to the salary and other benefits of this Act as long as he remains in such position. The Board, subject to the concurrence of the said Board of Commissioners, is authorized to specify for any position to be brought under this Act, the class and group as established in this Act which shall apply to such position: *Provided*, That such class shall be selected on the basis of the difficulty, responsibility, and qualification requirements of such position. Positions brought under this Act in accordance with this section shall be subject to the provisions of this Act to the same degree and in all respects as if such positions were specifically named in this Act. The Board is authorized to conduct such studies as are required to apply the criteria specified in subsection (a) of this section.

Any permanent employee serving in a position not covered by the Salary Act of 1947 but which may be later established under section 5 of this Act shall be given service credit for the purpose of salary placement under this Act equivalent to the number of years of satisfactory service rendered within the school system in the position then occupied by such employee and shall be assigned to the numerical service step on the schedule for his class, or class and group, under this Act next above the numerical service step corresponding to his years of service under his previous classification. If such employee is on a service step in his previous classification which is numerically as high or higher than the top service step provided for his salary class, or class and group, under this Act, he shall be assigned to the highest service step provided for his salary class, or class and group, under this Act. Each employee transferred and assigned to salary class 18 under this Act, and on permanent tenure on July 1, 1955, who on June 30, 1947, was a permanent employee of the Board of Education in either group B or group D of salary classes 1-8, inclusive, in the District of Columbia Teachers' Salary Act of 1945, as amended, shall be placed one service step higher than he would otherwise be entitled to under the provisions of this section except that in no case shall his salary be higher than the maximum salary provided for his class and group.

(c) No provision in this Act shall be interpreted as preventing any teacher, school officer, or other employee of the Board who has been granted leave to enter the armed forces of the United States or its allies from receiving any annual service increment or increments to which he would have been entitled had he remained continuously in the service of the public schools.

Each temporary employee shall be assigned to a numerical service step and receive an annual rate of compensation in accordance with section 7, but he shall receive no annual service increments and may be credited with not more than five years of service either inside or outside the public schools of the District of Columbia for the purpose of salary placement.

(2) The annual service increment scheduled for his new class and group: *Provided*, That no such employee shall be assigned to a higher numerical service step on the schedule for his new class, or class and group, than he would have occupied on the schedule from which promoted.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That (a) the Secretary of Commerce is hereby authorized, during a period of six months after the enactment of this joint resolution, to sell the steamship Monterey and the uninstalled materials heretofore acquired by the United States with said vessel, which are held in storage by the Maritime Administration, Department of Commerce, to a citizen of the United States at competitive bidding, subject to the provisions of this joint resolution, and such terms and conditions not contrary hereto as the Secretary may prescribe. The vessel with such materials shall be sold on an "as is, where is" basis, at an aggregate minimum sales price of \$3,081,665.72, depreciated on the basis of a twenty-year life from August 6, 1952, to the date of the award of the contract of sale. Such sale shall be made upon a condition and agreement that the purchaser expend at least \$10,000,000 to recondition the vessel satisfactory to the Secretary of Commerce in a domestic shipyard for passenger service, with documentation under the laws of the United States. Such sale shall be on the basis of the payment of not less than 25 per centum of the sale price of the vessel and materials at the time of the execution of such sales contract, with balance payable in approximately equal annual installments over the life expectancy of the vessel after reconditioning by the purchaser which life expectancy shall be determined jointly by the Secretary of the Treasury and the Secretary of Commerce, with interest on the portion of the sales price remaining unpaid at the rate

of 3½ per centum per annum; with right of prepayment from time to time of any or all of the sales price remaining unpaid. The obligation of the purchaser with respect to payment of such unpaid balance, with interest, shall be secured by a first preferred mortgage on the vessel sold, which mortgage may provide that the sole recourse against the purchaser under such mortgage, and any of the notes secured thereby, shall be limited to repossession of the vessel by the United States and the assignment of insurance claims, if the purchaser shall have complied with all provisions of the mortgage other than those relating to the payment of principal and interest when due, and the obligation of the purchaser shall be satisfied and discharged by the surrender of the vessel, and all right, title, and interest therein to the United States. Such vessel upon surrender shall be (1) free and clear of all liens and encumbrances whatsoever, except the lien of the above-mentioned preferred mortgage and any other mortgage held by the Secretary of Commerce pursuant to an assignment under title XI of the Merchant Marine Act, 1936, as amended, (2) in class, and (3) equipped and in as good order and condition, ordinary wear and tear excepted, as when reconditioned as a passenger vessel by the purchaser except that any deficiencies with respect to freedom from encumbrances, condition, and class, may, to the extent covered by valid policies of insurance, be satisfied by the assignment to the United States of claims of the purchaser under such policies of insurance.

52 Stat. 969.  
46 USC 1271-

(b) Any contract of sale executed under authority of this joint resolution shall provide that in the event the United States shall, through purchase or requisition, acquire ownership of such vessel, the owner shall be paid therefor the value thereof, but in no event shall such payment exceed the actual depreciated sales price under such contract (together with the actual depreciated cost of capital improvements thereon), or the fair and reasonable scrap value of such vessel, as determined by the Maritime Administrator, whichever is the greater; that such determination shall be final; that in computing the depreciated acquisition cost of such vessel, the depreciation shall be computed on the vessel on the schedule adopted or accepted by the Secretary of the Treasury for Federal income tax purposes as applicable to such vessel; that such vessel shall remain documented under the laws of the United States for a period of at least ten years after completion as a passenger vessel or as long as there remains due the United States any principal or interest on account of the sales price, whichever is the longer period; and that the foregoing provisions respecting the requisition or the acquisition of ownership by the United States and documentation shall run with the title to such vessel and be binding on all owners thereof.

(4) that a marketing quota previously proclaimed for such marketing year is not in effect because of disapproval by producers in a referendum held pursuant to subsection (c): *Provided*, That if such producers have disapproved national marketing quotas in referenda held in three successive years subsequent to 1952, thereafter a national marketing quota shall not be proclaimed hereunder which would be in effect for any marketing year within the three-year period for which national marketing quotas previously proclaimed were disapproved by producers in a referendum, unless prior to November 10 of the marketing year one-fourth or more of the farmers engaged in the production of the crop of tobacco harvested in the calendar year in which such marketing year begins petition the Secretary, in accordance with such regulations as he may prescribe, to proclaim a national marketing quota for each of the next three succeeding marketing years.

(b) The Secretary shall also determine and announce, prior to the first day of December, the amount of the national marketing quota proclaimed pursuant to subsection (a) which is in effect for the next marketing year in terms of the total quantity of tobacco which may be marketed which will make available during such marketing year a supply of tobacco equal to the reserve supply level. The amount of the national marketing quota so announced may, not later than the following March 1, be increased by not more than 20 per centum if the Secretary determines that such increase is necessary in order to meet market demands or to avoid undue restrictions of marketings in adjusting the total supply to the reserve supply level.

“SEC. 206. The district courts of the United States are given jurisdiction to make and enter all such rules as to notice and otherwise,

Jurisdiction of  
district courts.

62 Stat. 928, 929.

Suit for return of property.

and all such orders and decrees, and to issue such process as may be necessary and proper in the premises to enforce the provisions of this title, with a right of appeal from the final order or decree of such court as provided in sections 1252, 1254, 1291, and 1292 of title 28, United States Code.

"SEC. 207. (a) Any person who has not filed a notice of claim under subsection (b) of this section may institute a suit in equity for the return of any property, or the net proceeds thereof, vested in a designee of the President pursuant to section 202 (a) and held by such designee. Such suit, to which said designee shall be made a party defendant, shall be instituted in the District Court of the United States for the District of Columbia or in the district court of the United States for the district in which the claimant resides, or, if a corporation, where it has its principal place of business, by the filing of a complaint which alleges—

"(1) that the claimant is a person other than Bulgaria, Hungary, or Rumania, or a national thereof as defined in Executive Order 8389 of April 10, 1940, as amended; and

"(2) that the claimant was the owner of such property immediately prior to its vesting, or is the successor in interest of such owner by inheritance, devise, or bequest.

5 FR 1400; 3 CFR, Cum. Supp., p. 645.

If the court finds in favor of the claimant, it shall order the payment, conveyance, transfer, assignment, or delivery to said claimant of such property, or the net proceeds thereof, held by said designee or the portion thereof to which the court shall determine said claimant is entitled. If suit shall be so instituted, then such property, or, if liquidated, the net proceeds thereof, shall be retained in the custody of said designee until any final judgment or decree which shall be entered in favor of the claimant shall be fully satisfied, or until final judgment or decree shall be entered against the claimant or suit otherwise terminated.

Notice of claim.

"(b) Any person who has not instituted a suit under the provisions of subsection (a) of this section may file a notice of claim under oath for the return of any property, or the net proceeds thereof, vested in a designee of the President pursuant to section 202 (a) and held by such designee. Such notice of claim shall be filed with said designee and in such form and containing such particulars as said designee shall require. Said designee may return any property so claimed, or the net proceeds thereof, whenever he shall determine—

"(1) that the claimant is a person other than Bulgaria, Hungary, or Rumania, or a national thereof as defined in Executive Order 8389 of April 10, 1940, as amended; and

"(2) that the claimant was the owner of such property immediately prior to its vesting, or is the successor in interest of such owner by inheritance, devise, or bequest.

5 FR 1400; 3 CFR, Cum. Supp., p. 645.

Review of denial.

Any person whose claim is finally denied in whole or in part by said designee may obtain review of such denial by filing a petition therefor in the United States Court of Appeals for the District of Columbia Circuit. Such petition for review must be filed within sixty days after the date of mailing of the final order of denial by said designee and a copy must be served on the said designee. Within forty-five days after service of such petition for review, or within such further time as the court may grant for good cause shown, said designee shall file an answer thereto, and shall certify and file with the court a transcript of the entire record of the proceedings with respect to such claim. The court may enter judgment affirming the order of the designee; or, upon finding that such order is not in accordance with law or that any material findings upon which such order is based are unsupported by substantial evidence, may enter judgment modifying or setting

aside the order in whole or in part, and (1) directing a return of all or part of the property claimed, or (2) remanding the claim for further administrative proceedings thereon. If a notice of claim is filed under this subsection, the property which is the subject of such claim, or, if liquidated, the net proceeds thereof, shall be retained in the custody of said designee until any final order of said designee or any final judgment or decree which shall be entered in favor of the claimant shall be fully satisfied, or until a final order of said designee or a final judgment or decree shall be entered against the claimant, or the claim or suit otherwise terminated.

“(c) The sole relief and remedy of any person having any claim to any property vested pursuant to section 202 (a) shall be that provided by the terms of subsection (a) or (b) of this section, and in the event of the liquidation by sale or otherwise of such property, shall be limited to and enforced against the net proceeds received therefrom and held by the designee of the President. The claim of any person based on his ownership of shares of stock or other proprietary interest in a corporation which was the owner of property at the date of vesting thereof under section 202 (a) shall be allowable under subsection (a) or (b) of this section if 25 per centum or more of the outstanding capital stock or other proprietary interest in the corporation was owned at such date by nationals of countries other than Bulgaria, Hungary, Rumania, Germany, or Japan. But no such claim of a national of a foreign country shall be satisfied except after certification by the Department of State that the country of the national accords protection to nationals of the United States in similar types of cases.

“(d) The designee of the President may retain or recover from any property, or the net proceeds thereof, returned pursuant to subsection (a) or (b) of this section an amount not exceeding that expended or incurred by him for the conservation, preservation, or maintenance of such property or proceeds.

Recovery for  
maintenance, etc.

“SEC. 208. (a) Any property vested in the designee of the President pursuant to section 202 (a), or the net proceeds thereof, shall be equitably applied by such designee in accordance with this section to the payment of debts owed by the person who owned such property immediately prior to its vesting in such designee. No debt claim shall be allowed under this section—

Payment of debt  
claims.

“(1) if it is asserted against Bulgaria, Hungary, or Rumania (including the government or any political subdivisions, agencies, or instrumentalities thereof); or

“(2) if it is based upon an obligation expressed or payable in any currency other than the currency of the United States; or

“(3) if it was not due and owing—

“(A) on October 9, 1940, in the event the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Rumania;

“(B) on March 4, 1941, in the event the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Bulgaria; or

“(C) on March 13, 1941, in the event that the property in respect of which such debt claim is filed was owned immediately prior to vesting by a national of Hungary.

Any defense to the payment of such claim which would have been available to the debtor shall be available to the designee, except that the period from and after December 7, 1941, shall not be included for the purpose of determining the applicability of any statute of limitations. Debt claims allowable under this section shall include only those of natural persons who were citizens of the United States at

the dates their debtors became obligated to them; those of other natural persons who are and have been continuously since December 7, 1941, residents of the United States; those of corporations organized under the laws of the United States or any State, Territory, or possession thereof, or the District of Columbia; and those acquired by the designee of the President under this title. Successors in interest by inheritance, devise, bequest, or operation of law of debt claimants, other than persons who would themselves be disqualified hereunder from allowance of a debt claim, shall be eligible for payment to the same extent as their principals or predecessors would have been.

Notice in FR.

“(b) The designee of the President under this title shall fix a date or dates after which the filing of debt claims in respect of any or all debtors shall be barred, and may extend the time so fixed, and shall give at least sixty days’ notice thereof by publication in the Federal Register. In no event shall the time extend beyond the expiration of one year from the date of the last vesting in the designee of the President of any property of a debtor in respect to whose debts the date is fixed. No debt shall be paid prior to the expiration of one hundred and twenty days after publication of the first such notice in respect of the debtor, nor in any event shall any payment of a debt claim be made out of any property or proceeds in respect of which a suit or proceeding for return pursuant to this title is pending.

Determination  
of designee.

“(c) The designee shall examine the claims, and such evidence in respect thereof as may be presented to him or as he may introduce into the record, and shall make a determination, with respect to each claim, of allowance or disallowance, in whole or in part. The determination of the designee that a claim is within either paragraph (1) or (2) of subsection (a) of this section shall be final and shall not be subject to judicial review, and such claim shall not be considered a debt claim for any purpose under this section.

Money available.

“(d) Payment of debt claims shall be made only out of such money included in, or received as net proceeds from the sale, use, or other disposition of, any property owned by the debtor immediately prior to its vesting in the designee of the President, as shall remain after deduction of (1) the amount of the expenses of the designee (including both expenses in connection with such property or proceeds thereof, and such portion as the designee shall fix of his other expenses), and of taxes, as defined in section 212, paid by the designee in respect of such property or proceeds; and (2) such amount, if any, as the designee may establish as a cash reserve for the future payment of such expenses and taxes. If the money available hereunder for the payment of debt claims against the debtor is insufficient for the satisfaction of all claims allowed by the designee, ratable payments shall be made in accordance with subsection (g) of this section to the extent permitted by the money available and additional payments shall be made whenever the designee shall determine that substantial further money has become available, through liquidation of any such property or otherwise. The designee shall not be required, through any judgment of any court, levy of execution, or otherwise, to sell or liquidate any property vested in him, for the purpose of paying or satisfying any debt claim.

Notice of dis-  
allowance.

“(e) If the aggregate of debt claims filed as prescribed does not exceed the money from which, in accordance with subsection (d) of this section, payment may be made, the designee shall pay each claim to the extent allowed, and shall serve by registered mail, on each claimant whose claim is disallowed in whole or in part, a notice of such disallowance. Within sixty days after the date of mailing of the designee’s determination, any debt claimant whose claim has

been disallowed in whole or in part may file in the District Court of the United States for the District of Columbia a complaint for review of such disallowance naming the designee as defendant. Such complaint shall be served on the designee. The designee, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings with respect to the claim in question. Upon good cause shown such time may be extended by the court. Such record shall include the claim as filed, such evidence with respect thereto as may have been presented to the designee or introduced into the record by him, and the determination of the designee with respect thereto, including any findings made by him. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the designee, or could not reasonably have been adduced before him or was not available to him. The court shall enter judgment affirming, modifying, or reversing the designee's determination, and directing payment in the amount, if any, which it finds due.

“(f) If the aggregate of debt claims filed as prescribed exceeds the money from which, in accordance with subsection (d) of this section, payment may be made, the designee shall prepare and serve by registered mail on all claimants a schedule of all debt claims allowed and the proposed payment to each claimant. In preparing such schedule, the designee shall assign priorities in accordance with subsection (g) of this section. Within sixty days after the date of mailing of such schedule, any claimant considering himself aggrieved may file in the District Court of the United States for the District of Columbia a complaint for review of such schedule, naming the designee as defendant. A copy of such complaint shall be served upon the designee and on each claimant named in the schedule. The designee, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings with respect to such schedule. Upon good cause shown such time may be extended by the court. Such record shall include the claims in question as filed, such evidence with respect thereto as may have been presented to the designee or introduced into the record by him, any findings or other determinations made by the designee with respect thereto, and the schedule prepared by the designee. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the designee or could not reasonably have been adduced before him or was not available to him. Any interested debt claimant who has filed a claim with the designee pursuant to this section, upon timely application to the court, shall be permitted to intervene in such review proceedings. The court shall enter judgment affirming or modifying the schedule as prepared by the designee and directing payment, if any be found due, pursuant to the schedule as affirmed or modified and to the extent of the money from which, in accordance with subsection (d) of this section, payment may be made. Pending the decision of the court on such complaint for review, and pending final determination of any appeal from such decision, payment may be made only to an extent, if any, consistent with the contentions of all claimants for review.

“(g) Debt claims shall be paid in the following order of priority: (1) Wage and salary claims, not to exceed \$600; (2) claims entitled to priority under sections 3466 and 3468 of the Revised Statutes (31 U. S. C., secs. 191 and 193), except as provided in subsection (h) of this section; (3) all other claims for services rendered; for expenses incurred in connection with such services, for rent, for goods and materials delivered to the debtor, and for payments made to the debtor for goods or services not received by the claimant; (4) all other debt

claims allowed,  
etc.

Order of priority.

claims. No payment shall be made to claimants within a subordinate class unless the money from which, in accordance with subsection (d) of this section, payment may be made permits payment in full of all allowed claims in every prior class.

“(h) No debt of any kind shall be entitled to priority under any law of the United States or any State, Territory, or possession thereof, or the District of Columbia, solely by reason of becoming a debt due or owing to the United States as a result of its acquisition by the designee of the President under this title.

“(i) The sole relief and remedy available to any person seeking satisfaction of a debt claim out of any property vested in the designee under section 202 (a), or the proceeds thereof, shall be the relief and remedy provided in this section, and suits for the satisfaction of debt claims shall not be instituted, prosecuted, or further maintained except in conformity with this section. No person asserting any interest, right, or title in any property or proceeds acquired by the designee shall be barred from proceeding pursuant to this title for the return thereof, by reason of any proceeding which he may have brought pursuant to this section; nor shall any security interest asserted by the creditor in any such property or proceeds be deemed to have been waived solely by reason of such proceeding. Nothing contained in this section shall bar any person from the prosecution of any suit at law or in equity against the original debtor or against any other person who may be liable for the payment of any debt for which a claim might have been filed hereunder. No purchaser, lessee, licensee, or other transferee of any property from the designee shall, solely by reason of such purchase, lease, license, or transfer, become liable for the payment of any debt owed by the person who owned such property prior to its vesting in the designee. Payment by the designee to any debt claimant shall constitute, to the extent of payment, a discharge of the indebtedness represented by the claim.

Hearings; etc.

“SEC. 209. The officer or agency designated by the President under this title to entertain claims under section 207 (b) and section 208 shall have power to hold such hearings as may be deemed necessary; to prescribe rules and regulations governing the form and contents of claims, the proof thereof, and all other matters related to proceedings on such claims; and in connection with such proceedings to issue subpoenas, administer oaths, and examine witnesses. Such powers, and any other powers conferred upon such officer or agency by section 207 (b) and section 208 may be exercised through subordinate officers designated by such officer or agency.

Time limitations.

“SEC. 210. No suit may be instituted pursuant to section 207 (a) after the expiration of one year from the date of vesting of the property in respect of which relief is sought. No return may be made pursuant to section 207 (b) unless notice of claim has been filed within one year from the date of vesting of the property in respect of which the claim is filed.

Service fees.

“SEC. 211. No property or proceeds shall be returned under this title, nor shall any payment be made or judgment awarded in respect of any property vested in any officer or agency designated by the President under this title unless satisfactory evidence is furnished to said designee, or the court, as the case may be, that the aggregate of the fees to be paid to all agents, attorneys at law or in fact, or representatives, for services rendered in connection with such return or payment or judgment does not exceed 10 per centum of the value of such property or proceeds or of such payment. Any agent, attorney at law or in fact, or representative, believing that the aggregate of the fees should be in excess of such 10 per centum may, in the case of any return of, or the making of any payment in respect of,

such property or proceeds by the President or such officer or agency as he may designate, petition the district court of the United States for the district in which he resides for an order authorizing fees in excess of 10 per centum and shall name such officer or agency as respondent. The court hearing such petition or a court awarding any judgment in respect of any such property or proceeds, as the case may be, shall approve an aggregate of fees in excess of 10 per centum of the value of such property or proceeds only upon a finding that there exist special circumstances of unusual hardship which require the payment of such excess. Any person accepting any fee in excess of an amount approved under this section, or retaining for more than thirty days any portion of a fee, accepted prior to such approval, in excess of the fee as approved, shall be guilty of a violation of this title.

"SEC. 212. (a) The vesting in any officer or agency designated by the President under this title of any property or the receipt by such designee of any earnings, increment, or proceeds thereof shall not render inapplicable any Federal, State, Territorial, or local tax for any period before or after such vesting.

Taxes.

"(b) The officer or agency designated by the President under this title shall, notwithstanding the filing of any claim or the institution of any suit under this title, pay any tax incident to any such property, or the earnings, increment, or proceeds thereof, at the earliest time appearing to him to be not contrary to the interest of the United States. The former owner shall not be liable for any such tax accruing while such property, earnings, increment, or proceeds are held by such designee, unless they are returned pursuant to this title without payment of such tax by the designee. Every such tax shall be paid by the designee to the same extent, as nearly as may be deemed practicable, as though the property had not been vested, and shall be paid only out of the property, or earnings, increment, or proceeds thereof, to which they are incident or out of other property acquired from the same former owner, or earnings, increment, or proceeds thereof. No tax liability may be enforced from any property or the earnings, increment, or proceeds thereof while held by the designee except with his consent. Where any property is transferred, otherwise than pursuant to section 207 (a) or 207 (b) hereof, the designee may transfer the property free and clear of any tax, except to the extent of any lien for a tax existing and perfected at the date of vesting, and the proceeds of such transfer shall, for tax purposes, replace the property in the hands of the designee.

"(c) Subject to the provisions of subsection (b) of this section, the manner of computing any Federal taxes, including without limitation by reason of this enumeration, the applicability in such computation of credits, deductions, and exemptions to which the former owner is or would be entitled, and the time and manner of any payment of such taxes and the extent of any compliance by the designee with provisions of Federal law and regulations applicable with respect to Federal taxes, shall be in accordance with regulations prescribed by the Secretary of the Treasury to effectuate this section. Statutes of limitations on assessments, collection, refund, or credit of Federal taxes shall be suspended with respect to any vested property or the earnings, increment, or proceeds thereof, while vested and for six months thereafter; but no interest shall be paid upon any refund with respect to any period during which the statute of limitations is so suspended.

"(d) The word 'tax' as used in this section shall include, without limitation by reason of this enumeration, any property, income, excess-profits, war-profits, excise, estate, and employment tax, import duty,

and special assessment; and also any interest, penalty, additional amount, or addition thereto not arising from any act, omission, neglect, failure, or delay on the part of the designee.

Determination  
of expenses, etc.

"SEC. 213. Prior to covering the net proceeds of liquidation of any property into the Treasury pursuant to section 202 (a), the designee of the President under this title shall determine—

"(1) the amount of his administrative expenses attributable to the performance of his functions under this title with respect to such property and the proceeds thereof. The amount so determined, together with an amount not exceeding that expended or incurred for the conservation, preservation, or maintenance of such property and the proceeds thereof, and for taxes in respect of same, shall be deducted and retained by the designee from the proceeds otherwise covered into the Treasury; and

"(2) that the time for the institution of a suit under section 207 (a), for the filing of a notice of claim under section 207 (b), and for the filing of debt claims under section 208 has elapsed.

The determinations of the designee under this section shall be final and conclusive.

Liens, etc.

"SEC. 214. No property conveyed, transferred, assigned, delivered, or paid to the designee of the President under this title, or the net proceeds thereof, shall be liable to lien, attachment, garnishment, trustee process, or execution, or subject to any order or decree of any court, except as provided in this title.

Penalties.

"SEC. 215. Whoever shall willfully violate any provision of this title or any rule or regulation issued hereunder, and whoever shall willfully violate, neglect, or refuse to comply with any order of the President or of a designee of the President under this title, issued in compliance with the provisions of this title shall be fined not more than \$5,000, or, if a natural person, imprisoned for not more than five years, or both; and the officer, director, or agent of any corporation who knowingly participates in such violation shall be punished by a like fine, imprisonment, or both.

If, at the time of such appointment, the armed force in which such person is commissioned does not require his service on active duty in fulfillment of the obligation undertaken by him in compliance with clause (B) of the first sentence of this paragraph, such person shall be ordered to active duty for training with such armed force in the grade in which he was commissioned for a period of six months. Upon completion of such period of active duty for training, such person shall be returned to inactive duty and shall be assigned to an appropriate reserve unit until the eighth anniversary of the receipt of a commission pursuant to the provisions of this section. So long as such person performs satisfactory service in such unit, as determined under regulations prescribed by the Secretary of Defense, he shall be deferred from training and service under the provisions of this Act. To amend the Act entitled "An Act to establish a code of law for the District of Columbia", approved March 3, 1901, and for other purposes.

August 9, 1955  
[H. R. 6585]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That section 927 of the Act entitled "An Act to establish a code of law for the District of Columbia", approved March 3, 1901, as amended (sec. 24-301, D. C. Code, 1951 edition), is amended to read as follows:

"SEC. 927. (a) Whenever a person is arrested, indicted, charged by information, or is charged in the juvenile court of the District of

D. C. insane  
criminals.  
59 Stat. 311.

Columbia, for or with an offense and, prior to the imposition of sentence or prior to the expiration of any period of probation, it shall appear to the court from the court's own observations, or from prima facie evidence submitted to the court, that the accused is of unsound mind or is mentally incompetent so as to be unable to understand the proceedings against him or properly to assist in his own defense, the court may order the accused committed to the District of Columbia General Hospital or other mental hospital designated by the court, for such reasonable period as the court may determine for examination and observation and for care and treatment if such is necessary by the psychiatric staff of said hospital. If, after such examination and observation, the superintendent of the hospital, in the case of a mental hospital, or the chief psychiatrist of the District of Columbia General Hospital, in the case of District of Columbia General Hospital, shall report that in his opinion the accused is of unsound mind or mentally incompetent, such report shall be sufficient to authorize the court to commit by order the accused to a hospital for the mentally ill unless the accused or the Government objects, in which event, the court, after hearing without a jury, shall make a judicial determination of the competency of the accused to stand trial. If the court shall find the accused to be then of unsound mind or mentally incompetent to stand trial, the court shall order the accused confined to a hospital for the mentally ill.

"(b) Whenever an accused person confined to a hospital for the mentally ill is restored to mental competency in the opinion of the superintendent of said hospital, the superintendent shall certify such fact to the clerk of the court in which the indictment, information, or charge against the accused is pending and such certification shall be sufficient to authorize the court to enter an order thereon adjudicating him to be competent to stand trial, unless the accused or the Government objects, in which event, the court, after hearing without a jury, shall make a judicial determination of the competency of the accused to stand trial.

"(c) When any person tried upon an indictment or information for an offense, or tried in the juvenile court of the District of Columbia for an offense, is acquitted solely on the ground that he was insane at the time of its commission, that fact shall be set forth by the jury in their verdict.

"(d) If any person tried upon an indictment or information for an offense, or tried in the juvenile court of the District of Columbia for an offense, is acquitted solely on the ground that he was insane at the time of its commission, the court shall order such person to be confined in a hospital for the mentally ill.

"(e) Where any person has been confined in a hospital for the mentally ill pursuant to subsection (d) of this section, and the superintendent of such hospital certifies (1) that such person has recovered his sanity, (2) that, in the opinion of the superintendent, such person will not in the reasonable future be dangerous to himself or others, and (3) in the opinion of the superintendent, the person is entitled to his unconditional release from the hospital, and such certificate is filed with the clerk of the court in which the person was tried, and a copy thereof served on the United States Attorney or the Corporation Counsel of the District of Columbia, whichever office prosecuted the accused, such certificate shall be sufficient to authorize the court to order the unconditional release of the person so confined from further hospitalization at the expiration of fifteen days from the time said certificate was filed and served as above; but the court in its discretion may, or upon objection of the United States or the District of Colum-

bia shall, after due notice, hold a hearing at which evidence as to the mental condition of the person so confined may be submitted, including the testimony of one or more psychiatrists from said hospital. The court shall weigh the evidence and, if the court finds that such person has recovered his sanity and will not in the reasonable future be dangerous to himself or others, the court shall order such person unconditionally released from further confinement in said hospital. If the court does not so find, the court shall order such person returned to said hospital. Where, in the judgment of the superintendent of such hospital, a person confined under subsection (d) above is not in such condition as to warrant his unconditional release, but is in a condition to be conditionally released under supervision, and such certificate is filed and served as above provided, such certificate shall be sufficient to authorize the court to order the release of such person under such conditions as the court shall see fit at the expiration of fifteen days from the time such certificate is filed and served pursuant to this section: *Provided*, That the provisions as to hearing prior to unconditional release shall also apply to conditional releases, and, if, after a hearing and weighing the evidence, the court shall find that the condition of such person warrants his conditional release, the court shall order his release under such conditions as the court shall see fit, or, if the court does not so find, the court shall order such person returned to such hospital.

“(f) When an accused person shall be acquitted solely on the ground of insanity and ordered confined in a hospital for the mentally ill, such person and his estate shall be charged with the expense of his support in such hospital.

“(g) Nothing herein contained shall preclude a person confined under the authority of this section from establishing his eligibility for release under the provisions of this section by a writ of habeas corpus.

“(h) The provisions of this section shall supersede in the District of Columbia the provisions of any Federal statutes or parts thereof inconsistent with this section.”

SEC. 2. Section 928 of such Act approved March 3, 1901, as amended, is amended to read as follows:

31 Stat. 1340.  
D. C. Code 24-  
302.

“SEC. 928. Any person while serving sentence of any court of the District of Columbia for crime, in a District of Columbia penal institution, and who, in the opinion of the Director of the Department of Corrections of the District of Columbia, is mentally ill, shall be referred by such Director to the psychiatrist functioning under section 405 of title IV of the Act approved June 29, 1953 (67 Stat. 105; sec. 24-106, Supp. III, D. C. Code, 1951 edition), and if such psychiatrist certifies that the person is mentally ill, this shall be sufficient to authorize the Director to transfer such person to a hospital for the mentally ill to receive care and treatment during the continuance of his mental illness.”

SEC. 3. Section 929 of such Act approved March 3, 1901, as amended, is amended to read as follows:

31 Stat. 1340.  
D. C. Code 24-  
303.

“SEC. 929. (a) When any person confined in a hospital for the mentally ill, charged with crime and subject to be tried therefor, shall be found competent to stand trial in the opinion of the superintendent of such hospital, the superintendent shall certify such fact to the clerk of the court in which the indictment, information, or charge is pending, in accordance with the procedure specified in section 927 of this Act, and deliver such person to the court according to its proper precept.

“(b) When any person confined in a hospital for the mentally ill while serving sentence shall be restored to mental health within

the opinion of the superintendent of the hospital, the superintendent shall certify such fact to the Director of the Department of Corrections of the District of Columbia and such certification shall be sufficient to deliver such person to such Director according to his request."

Testimony of  
physicians.

SEC. 4. The Act entitled "An Act relating to the testimony of physicians in the courts of the District of Columbia", received by the President May 13, 1896 (29 Stat. 138; sec. 14-308, D. C. Code, 1951 edition), is amended to read as follows:

"That in the courts of the District of Columbia no physician or surgeon shall be permitted, without the consent of the person afflicted, or of his legal representative, to disclose any information, confidential in its nature, which he shall have acquired in attending a patient in a professional capacity and which was necessary to enable him to act in that capacity, whether such information shall have been obtained from the patient or from his family or from the person or persons in charge of him: *Provided*, That this section shall not apply to evidence in criminal cases where the accused is charged with causing the death of, or inflicting injuries upon a human being, and the disclosure shall be required in the interests of public justice: *Provided further*, That this section shall not apply to evidence relating to the mental competency or sanity of an accused in criminal trials where the accused raises the defense of insanity, or in the pretrial or post-trial proceedings involving any criminal case where a question arises concerning the mental condition of an accused or convicted person."

"(1) upon the initial lease a tax at the applicable rate specified in section 4061 (a) based upon the fair market value on the date of such lease, or

"(2) upon each lease payment with respect to such trailer or semitrailer, a percentage of such payment equal to the rate of tax

which would be imposed upon the sale of such trailer or semitrailer, until the total of the tax payments under such lease and any prior lease equals the total tax. In any case where a trailer or semitrailer which has been leased is sold before the total tax has been paid, the tax payable on such sale shall be the difference between the tax paid on the lease payments and the total tax. For purposes of this paragraph, the term 'total tax' means the tax computed, at the rate in effect on the date of the initial lease, on the fair market value on the date of such lease. However, in the case where a trailer or semitrailer which has been leased is sold before the total tax has been paid, the total tax shall not exceed a tax computed, at the rate in effect on the date of the initial lease, on the amount received on such sale (determined without regard to section 4216 (b)) plus the total of the payments received by the lessor under any lease of such trailer or semitrailer."

26 USC 4217.

SEC. 3. Section 4217 of the Internal Revenue Code of 1954 is amended by adding at the end thereof a new sentence as follows: "This section shall not apply to the lease of an article upon which the tax has been paid in the manner provided in section 4216 (d) (1) or the total tax has been paid in the manner provided in section 4216 (d) (2)."

Effective date.

SEC. 4. The amendments made by subsection (a) shall take effect on the first day of the first month which begins more than 10 days after the date of the enactment of this Act. In the application of section 4216 (d) of the Internal Revenue Code of 1954 (as added by this Act) to any article which has been leased before the effective date specified in the preceding sentence, under regulations prescribed by the Secretary of the Treasury or his delegate—

(1) the fair market value of such article shall be the fair market value determined as of such effective date;

(2) only payments under a lease received on or after such effective date shall be considered in determining when the total tax (as defined in such section 4216 (d)) has been paid;

(3) any lease existing on such effective date, or if there is none, the first lease entered into after such effective date, shall be considered an initial lease (except that fair market value shall be determined as provided in paragraph (1) of this sentence); and

(4) any lease existing on such effective date shall be considered as having been entered into on such date.

a fee simple title to any or all lands in which the Administrator holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for veteran's housing where (1) the Administrator finds that the acquisition by him of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under his jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local governing body of the city makes a like finding and requests the Administrator to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Administrator that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: *Provided*, That such acquisitions by the Administrator pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: *And provided further*, That funds for such acquisition by the Administrator, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by that title under the heading "Housing and Home Finance Agency Office of the Administrator, revolving fund", shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that heading. ## TITLE II—PUBLIC FACILITY LOANS

### DECLARATION OF POLICY

SEC. 201. It has been the policy of the Congress to assist wherever possible the States and their political subdivisions to provide the services and facilities essential to the health and welfare of the people of the United States.

The Congress finds that in many instances municipalities, or other political subdivisions of States, which seek to provide essential public works or facilities, are unable to raise the necessary funds at reasonable interest rates.

It is the purpose of this title to authorize the extension of credit to assist in the provision of certain essential public works or facilities by States, municipalities, or other political subdivisions of States, where

such credit is not otherwise available on reasonable terms and conditions.

#### FEDERAL LOANS

SEC. 202. (a) The Housing and Home Finance Administrator, acting through the Community Facilities Administration, is authorized to purchase the securities and obligations of, or make loans to, States, municipalities and other political subdivisions of States, public agencies, and instrumentalities of one or more States, municipalities and political subdivisions of States, and public corporations, boards, and commissions established under the laws of any State, to finance specific public projects under State or municipal law. No such purchase or loan shall be made for payment of ordinary governmental or non-project operating expenses.

(b) The powers granted in subsection (a) of this section shall be subject to the following restrictions and limitations:

(1) No financial assistance shall be extended under this section unless the financial assistance applied for is not otherwise available on reasonable terms, and all securities and obligations purchased and all loans made under this section shall be of such sound value or so secured as reasonably to assure retirement or repayment, and such loans may be made either directly or in cooperation with banks or other lending institutions through agreements to participate or by the purchase of participations or otherwise.

(2) No securities or obligations shall be purchased, and no loans shall be made, including renewals or extensions thereof, which have maturity dates in excess of forty years.

(c) In the processing of applications for financial assistance under this section the Administrator shall give priority to applications of smaller municipalities for assistance in the construction of basic public works (including works for the storage, treatment, purification, or distribution of water; sewage, sewage treatment, and sewer facilities; and gas distribution systems) for which there is an urgent and vital public need. As used in this section, a "smaller municipality" means an incorporated or unincorporated town, or other political subdivision of a State, which had a population of less than ten thousand inhabitants at the time of the last Federal census.

#### FINANCING

SEC. 203. (a) In order to finance activities under this title, the Administrator is authorized and empowered to issue to the Secretary of the Treasury, from time to time and to have outstanding at any one time, in an amount not exceeding \$100,000,000, notes and other obligations. Such obligations shall be in such forms and denominations, have such maturities and be subject to such terms and conditions as may be prescribed by the Administrator, with the approval of the Secretary of the Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average rate on outstanding marketable obligations of the United States of comparable maturities as of the last day of the month preceding the issuance of such notes or other obligations. The Secretary of the Treasury is authorized and directed to purchase any notes and other obligations of the Administrator to be issued hereunder and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may

be issued under such Act, as amended, are extended to include any purchases of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States.

(b) Funds borrowed under this section and any proceeds shall constitute a revolving fund which may be used by the Administrator in the exercise of his functions under this title.

SEC. 401. Title VIII of the National Housing Act, as amended, is hereby amended to read as follows:

#### “TITLE VIII—ARMED SERVICES HOUSING MORTGAGE INSURANCE

“SEC. 801. As used in this title—

“(a) The term ‘mortgage’ means a first mortgage on real estate, in fee simple, or on a leasehold (1) under a lease for not less than ninety-nine years which is renewable; or (2) under a lease for a period of not less than fifty years to run from the date the mortgage was executed; and the term ‘first mortgage’ means such classes of first liens as are commonly given to secure advances on, or the unpaid purchase price of, real estate, under the laws of the State in which the real estate is located, together with the credit instruments, if any, secured thereby.

“(b) The term ‘mortgagee’ includes the original lender under a mortgage, and his successors and assigns approved by the Commissioner; and the term ‘mortgagor’ includes the original borrower under a mortgage, his successors and assigns.

“(c) The term ‘maturity date’ means the date on which the mortgage indebtedness would be extinguished if paid in accordance with periodic payments provided for in the mortgage.

“(d) The term ‘housing accommodations’ means housing designed for occupancy by military personnel and their dependents, assigned to duty at or near the military installation where such housing units are constructed.

“(e) The term ‘personnel’ shall include military and civilian personnel approved by the Secretary of Defense, or his designee, and the dependents of all such personnel.

“(f) The term ‘military’ includes Army, Navy, Marine Corps, Air Force, and Coast Guard.

“(g) The term ‘State’ includes the several States and Alaska, Hawaii, Puerto Rico, the District of Columbia, Guam, and the Virgin Islands.

Armed Services  
Housings Mortgage  
Insurance Fund.

“SEC. 802. The Military Housing Insurance Fund created by this section prior to amendment thereto shall hereafter be known as the Armed Services Housing Mortgage Insurance Fund. General expenses of operation of the Federal Housing Administration under this title (including operations with respect to mortgages insured or

to be insured pursuant to this title prior to enactment of the Housing Amendments of 1955) may be charged to the Armed Services Housing Mortgage Insurance Fund.

"SEC. 803. (a) In order to assist in relieving the acute shortage and urgent need for family housing which now exists at or in areas adjacent to military installations because of uncertainty as to the permanency of such installations and to increase the supply of necessary family housing accommodations for personnel at such installations, the Commissioner is authorized, upon application of the mortgagee, to insure mortgages (including advances on such mortgages during construction) which are eligible for insurance as hereinafter provided, and, upon such terms as the Commissioner may prescribe, to make commitments for so insuring such mortgages prior to the date of their execution or disbursement thereon: *Provided*, That the aggregate amount of principal obligations of all mortgages insured under this title shall not exceed \$1,363,500,000: *And provided further*, That the limitation in section 217 of this Act shall not apply to this title: *And provided further*, That no mortgage shall be insured under this title after September 30, 1956, except pursuant to a commitment to insure issued before such date.

*Ante*, p. 636.

"(b) To be eligible for insurance under this title a mortgage shall meet the following conditions:

"(1) The mortgaged property shall be held by a mortgagor approved by the Commissioner. The Commissioner may, in his discretion, require such mortgagor to be regulated or restricted as to capital structure, and methods of operation. The Commissioner may make such contracts with, and acquire for not to exceed \$100 stock or interest in, any such mortgagor, as the Commissioner may deem necessary to render effective such restriction or regulation. Such stock or interest shall be paid for out of the Armed Services Housing Mortgage Insurance Fund, and shall be redeemed by the mortgagor at par upon the termination of all obligations of the Commissioner under the insurance.

"(2) The mortgaged property shall be designed for use for residential purposes by personnel of the armed services and situated at or near a military installation, and the Secretary or his designee shall have certified that there is no intention, so far as can reasonably be foreseen, to substantially curtail the personnel assigned or to be assigned to such installation, and (i) shall have determined that for reasons of safety, security, or other essential military requirements, it is necessary that the personnel involved reside in public quarters (*Provided, however*, That for the purposes of this subsection housing covered by a mortgage insured, or for which a commitment to insure has been issued, under section 803 prior to the enactment of the 'Housing Amendments of 1955' may be considered the same as available quarters), or (ii) after consultation with the Commissioner, shall have determined that adequate housing is not available for such personnel at reasonable rentals within reasonable commuting distance of the installation. The housing accommodations shall comply with such standards and conditions as the Commissioner may prescribe to establish the acceptability of such property for mortgage insurance, except that the certification of the Secretary of Defense, or his designee, shall (for purposes of mortgage insurance under this title) be conclusive evidence to the Commissioner of the existence of the need for such housing. However, if the Commissioner does not concur in the housing needs as certified by the Secretary, the Commissioner may require the Secretary to guarantee the Armed Services Housing Mortgage Insurance Fund from loss with respect to the mortgage covering such housing. There are hereby author-

ized to be appropriated such sums as may be necessary to provide for payment to meet losses arising from such guarantee.

Amount of principal obligation.

“(3) The mortgage shall involve a principal obligation in an amount—

“(A) not to exceed the amount which the Commissioner estimates will be the replacement cost of the property or project when the proposed improvements are completed (the cost of the property or project as such term is used in this paragraph may include the cost of the land, the physical improvements, and utilities within the boundaries of the property or project);

“(B) not to exceed an average of \$13,500 per family unit for such part of such property or project as may be attributable to dwelling use: *Provided*, That the replacement cost of the property or project as determined by the Commissioner, including the estimated value of any usable utilities within the boundaries of the property or project where owned by the United States and not provided for out of the proceeds of the mortgage, shall not exceed an average of \$13,500 per family unit; and

“(C) not to exceed the bid of the eligible builder of the property or project under section 403 of the Housing Amendments of 1955.

Amortization; interest.

The mortgage shall provide for complete amortization by periodic payments within such terms as the Commissioner shall prescribe, have a maturity not to exceed twenty-five years, and shall bear interest (exclusive of premium charges for insurance) at not to exceed 4 per centum per annum of the amount of the principal obligation outstanding at any time. The Commissioner may consent to the release of a part or parts of the mortgaged property from the lien of the mortgage upon such terms and conditions as he may prescribe and the mortgage may provide for such release.

Premium charge.

“(c) The Commissioner is authorized to fix a premium charge for the insurance of mortgages under this title but in the case of any mortgage such charge shall not be less than an amount equivalent to one-half of 1 per centum per annum nor more than an amount equivalent to 1½ per centum per annum of the amount of the principal obligation of the mortgage outstanding at any time, without taking into account delinquent payments or prepayments. Such premium charges shall be payable by the mortgagee, either in cash, or in debentures issued by the Commissioner under this title at par plus accrued interest, in such manner as may be prescribed by the Commissioner: *Provided*, That the Commissioner may require the payment of one or more such premium charges at the time the mortgage is insured, at such discount rate as he may prescribe not in excess of the interest rate specified in the mortgage. If the Commissioner finds, upon the presentation of a mortgage for insurance and the tender of the initial premium charge and such other charges as the Commissioner may require, that the mortgage complies with the provisions of this title, such mortgage may be accepted for insurance by endorsement or otherwise as the Commissioner may prescribe. In the event that the principal obligation of any mortgage accepted for insurance under this title is paid in full prior to the maturity date, the Commissioner is authorized to refund to the mortgagee for the account of the mortgagor all, or such portion as he shall determine to be equitable, of the current unearned premium charges theretofore paid. The Commissioner may reduce the payment of premiums provided for herein.

Failure of mortgagor to pay.

“(d) The failure of the mortgagor to make any payment due under or provided to be paid by the terms of a mortgage insured under this title shall be considered a default under such mortgage, and, if

such default continues for a period of thirty days, the mortgagee shall be entitled to receive the benefits of the insurance as hereinafter provided, upon assignment, transfer, and delivery to the Commissioner, within a period and in accordance with rules and regulations to be prescribed by the Commissioner of (1) all rights and interest arising under the mortgage so in default; (2) all claims of the mortgagee against the mortgagor or others, arising out of the mortgage transactions; (3) all policies of title or other insurance or surety bonds or other guaranties and any and all claims thereunder; (4) any balance of the mortgage loan not advanced to the mortgagor; (5) any cash or property held by the mortgagee, or to which it is entitled, as deposits made for the account of the mortgagor and which have not been applied in reduction of the principal of the mortgage indebtedness; and (6) all records, documents, books, papers, and accounts relating to the mortgage transaction. Upon such assignment, transfer, and delivery, the obligation of the mortgagee to pay the premium charges for mortgage insurance shall cease, and the Commissioner shall, subject to the cash adjustment provided for in subsection (e) of this section, issue to the mortgagee debentures having a total face value equal to the value of the mortgage, and a certificate of claim as hereinafter provided. For the purposes of this subsection, the value of the mortgage shall be determined in accordance with rules and regulations prescribed by the Commissioner, by adding to the amount of the original principal obligation of the mortgage which was unpaid on the date of default, the amount the mortgagee may have paid for (A) taxes, special assessments, and water rates, which are liens prior to the mortgage; (B) insurance on the property; and (C) reasonable expenses for the completion and preservation of the property and any mortgage insurance premiums paid after default; less the sum of (i) any amount received on account of the mortgage after such date; and (ii) any net income received by the mortgagee from the property after such date.

“(e) Debentures issued under this title shall be in such form and denominations in multiples of \$50, shall be subject to such terms and conditions, and shall include such provisions for redemption, if any, as may be prescribed by the Commissioner with the approval of the Secretary of the Treasury, and may be in coupon or registered form. Any difference between the value of the mortgage determined as herein provided and the aggregate face value of the debentures issued, not to exceed \$50, shall be adjusted by the payment of cash by the Commissioner to the mortgagee from the Armed Services Housing Mortgage Insurance Fund.

“(f) Debentures issued under this title shall be executed in the name of the Armed Services Housing Mortgage Insurance Fund as obligor, shall be signed by the Commissioner, by either his written or engraved signature, and shall be negotiable. All such debentures shall be dated as of the date of default as determined in accordance with subsection (d) of this section, and shall bear interest from such date at a rate determined by the Commissioner with the approval of the Secretary of the Treasury, at the time the mortgage was accepted for insurance, but not to exceed 3 per centum per annum, payable semiannually on the 1st day of January and the 1st day of July of each year, and shall mature twenty years after the date thereof. Such debentures shall be exempt, both as to principal and interest, from all taxation (except surtaxes, estate, inheritance, and gift taxes) now or hereafter imposed by any Territory, dependency, or possession of the United States or by the District of Columbia, or by any State, county, municipality, or local taxing authority. They shall be paid out of the Armed Services Housing Mortgage Insurance

In the event the Armed Services Housing Mortgage Insurance Fund fails to pay upon demand, when due, the principal of or interest on any debentures so guaranteed, the Secretary of the Treasury shall pay to the holders the amount thereof which is hereby authorized to be appropriated, and thereupon to the extent of the amount so paid the Secretary of the Treasury shall succeed to all the rights of the holders of such debentures.

"(g) The certificate of claim issued by the Commissioner to any mortgagee in connection with the insurance of mortgages under this title shall be for an amount determined in accordance with subsections (e) and (f) of section 604 of this Act, except that any amount remaining after the payment of the full amount under the certificate of claim shall be retained by the Commissioner and credited to the Armed Services Housing Mortgage Insurance Fund.

"(h) The provisions of section 207 (k) and section 207 (l) of this Act shall be applicable to mortgages insured under this title and to property acquired by the Commissioner hereunder, except that as applied to such mortgages and property (1) all references in such sections to the 'Housing Fund' shall be construed to refer to the 'Armed Services Housing Mortgage Insurance Fund', and (2) the reference in section 207 (k) to 'subsection (g)' shall be construed to refer to 'subsection (d)' of this section.

12 USC 1707 et

"(i) The Commissioner shall also have power to insure under this title or title II any mortgage executed in connection with the sale by him of any property acquired under this title without regard to any limit as to eligibility, time or aggregate amount contained in this title or title II.

Validity of in-  
surance contract.

"(j) Any contract of insurance executed by the Commissioner under this title shall be conclusive evidence of the eligibility of the mortgage for insurance and the validity of any contract of insurance so executed shall be incontestable in the hands of an approved mortgagee from the date of the execution of such contract, except for fraud or misrepresentation on the part of such approved mortgagee.

Moneys not  
needed for current  
operations.

The Commissioner may, with the approval of the Secretary of the Treasury, purchase in the open market debentures issued under the provisions of this title. Such purchases shall be made at a price which will provide an investment yield of not less than the yield obtainable from other investments authorized by this section. Notwithstanding the provisions of any other law, the price paid for any such unimproved land or housing purchased by the Secretary under this or any other law shall be the fair market value of such land or housing as determined by the Secretary on the basis of an independent appraisal, and, in connection with any agreements to purchase such housing, the Secretary of Defense or his designee may assume, or purchase subject to, any such mortgage. Any such condemnation proceedings shall be conducted in accordance with the provisions of the Act of August 1, 1888 (25 Stat. 357), as amended, or any other applicable Federal statute. Before condemnation proceedings are instituted pursuant to this section, an effort shall be made to acquire the property involved by negotiation unless, because of reasonable doubt as to the identity of the owner or owners, because of the large number of persons with whom it would be necessary to negotiate, or for other reasons, the effort to acquire by negotiation would involve, in the judgment of the Secretary, such delay in acquiring the property as to be contrary to the interest of national defense. In any condemnation proceeding instituted pursuant to this section, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under the first section of the Act of February 26, 1931 (46 Stat. 1421), providing for such declarations. Unless title is in dispute, the courts, upon application, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. Property acquired under this section may be occupied, used, and improved for the purposes of this section prior to the approval of title by the Attorney General as required by section 355 of the Revised Statutes, as amended.

Such services may include the development of plans, drawings, and specifications for family housing under this title and other services in connection therewith: *Provided*, That such plans, drawings, and specifications may include the use on any project to be constructed under this title of alternate materials or alternate types of construction, including prefabrication, that provide substantially equal value and conform to standards established by the Federal Housing Commissioner: *Provided further*, That the Secretary may designate certain sites or parts thereof for family housing to be furnished from prefabricated houses or housing components. ## AN ACT

To provide for retirement of the Government capital in certain institutions operating under the supervision of the Farm Credit Administration; to increase borrower participation in the management and control of the Federal Farm Credit System; and for other purposes.

August 11, 1955  
[H. R. 5168]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "Farm Credit Act of 1955".

Farm Credit Act  
of 1955.

## TITLE I—BANKS FOR COOPERATIVES

SEC. 101. Section 42 of the Farm Credit Act of 1933, as amended, is amended to read as follows:

48 Stat. 264,  
12 USC 1134d.

"SEC. 42. (a) CLASSES OF STOCK; OWNERSHIP; VOTING RIGHTS; DIVIDENDS; AND RETIREMENT OF STOCK.—Except as provided in section 111 of the Farm Credit Act of 1955, each regional bank for cooperatives shall have the following classes of stock, all of which shall have a par value of \$100 per share:

"(1) Class A stock shall be issued to and held by the Governor of the Farm Credit Administration on behalf of the United States, and stock of such banks held by the Governor on the effective date of title I of the Farm Credit Act of 1955 shall be exchanged, share for share, for class A stock of the respective banks. Class A stock shall be nonvoting and no dividends shall be paid thereon. At the end of each fiscal year, each of such banks, subject to the provisions of sections 33 and 40, shall determine the amount of class A stock that shall be retired at par by that bank. The minimum amount of class A stock that shall be retired shall be the equivalent in dollar value of the amount of class C stock issued for that year, except that class C stock issued by a regional bank on account of class C stock issued to it by the central bank, class C stock issued by a regional bank in exchange for class B stock the proceeds of which were used to retire an equivalent amount of class A stock, and class C stock issued by a regional bank in exchange for capital stock of the bank outstanding on the effective date of title I of the Farm Credit Act of 1955, shall not be included in such bank's calculation. Any amount of class A stock retired in excess of such minimum amount in one year may be used to reduce to that extent the amount of such stock required to be retired in any subsequent year. Funds from the retirement of class A stock shall be paid into the revolving fund authorized by the Agricultural Marketing Act, as amended, and shall continue to be available for the purchase of class A stock in the banks in accordance with sections 33 and 40.

Class A stock.

12 USC 1134i,  
1141d, 1134b,  
Post, p. 662.

"(2) Class B stock may be issued in series and amounts approved by the Farm Credit Administration, and may be sold or transferred to any person subject to the approval of the issuing bank. Such stock shall be issued only at par and shall be nonvoting. Any bank may pay dividends of not to exceed 4 per centum per annum on class B stock if declared by the board of directors and approved by the Farm Credit Administration and if the surplus account of the bank, after payment of such dividends, will not be less than 25 per centum of the sum of all its outstanding capital stock. Dividends on class B stock shall not be cumulative, but no bank shall distribute in any year any of its net savings as patronage refunds as provided in section 36 (a) unless for that year a dividend of at least 2 per centum is declared and paid upon outstanding class B stock of the bank. Each series of class B stock shall be issued only with the approval of the

Farm Credit Administration and shall carry on the face of each certificate a statement of the maximum dividend which may be declared and paid thereon and of the minimum dividend which shall be declared and paid thereon before the bank may distribute any of its net savings as patronage refunds: *Provided*, That such maximum and minimum dividends may be the same amount. After all class A stock has been retired, class B stock may be called for retirement at par with the approval of the Farm Credit Administration and shall be called in such manner that the oldest outstanding stock at any given time will be retired first. Any holder of class B stock whose stock has been called for retirement may elect, with the approval of the issuing bank, to leave his stock in the bank subject to its being included in the next call for retirement.

Class C stock.

12 USC 1141j.

“(3) Class C stock, except as approved by the Farm Credit Administration and consented to by the issuing bank, may be issued only to banks for cooperatives and farmers’ cooperative associations as defined in section 15 (a) of the Agricultural Marketing Act, as amended. Such stock may be issued in fractional shares, shall be issued at its fair book value not exceeding par, as determined by the bank, and no dividends shall be paid on it. Each holder of one or more shares of class C stock which is eligible to borrow from a bank for cooperatives shall be entitled to one vote only: *Provided*, That any such holder which within the period of two years next preceding a date, fixed by the Farm Credit Administration, prior to commencement of the voting has not been a borrower from a bank of which it holds class C stock shall not be entitled to vote. From time to time each bank for cooperatives shall obtain information concerning its class C stockholders to determine whether they continue to be eligible to borrow from the bank and to vote. Any class C stockholder found by the bank to be ineligible to borrow shall not be entitled to vote until its eligibility is reestablished to the satisfaction of the bank. Whenever in section 5 of the Farm Credit Act of 1937, as amended, and section 4 (a) of the Farm Credit Act of 1953, provision is made for a nomination or election by cooperatives which are stockholders or subscribers to the guaranty fund of any bank for cooperatives the term ‘cooperatives which are stockholders or subscribers to the guaranty fund’ or the equivalent of that term, shall mean such cooperatives which are eligible to vote. Each borrower from a bank for cooperatives shall be required to own at the time the loan is made at least one share of class C stock. The purchase price of such stock may be retained out of the loan. In addition, each borrower as defined by the Farm Credit Administration for purposes of this sentence, shall be required to invest quarterly in class C stock an amount equal to not less than 10 nor more than 25 per centum, as prescribed by the board of directors of the bank with the approval of the Farm Credit Administration, of the amount of interest payable by it to the bank during the calendar quarter. Payments for such stock shall be made quarterly or when the regular interest payments of the borrower are payable, but the stock shall be issued to the borrower as of the end of each fiscal year in the amount of the payments for stock made by it during the year. Each regional bank shall purchase at least one share of class C stock of the central bank. In addition, the regional bank shall be required to invest quarterly in class C stock of the central bank an amount equal to not less than 10 nor more than 25 per centum, as prescribed by the board of directors of the central bank with the approval of the Farm Credit Administration, of the amount of interest payable by the regional bank to the central bank during the calendar quarter by reason of any interest purchased by the central bank in a loan made by the regional bank. Payments for such stock shall be made to the central bank and the stock shall be issued to

seq.

the regional bank in the same manner, insofar as practicable, as is provided in this section for payments for and issuance of stock on account of loans by the regional bank in which the central bank does not purchase any interest. Subject to rules prescribed by the board of directors of the lending bank with the approval of the Farm Credit Administration a borrower may convert class B stock into class C stock for the purpose of making the investment in class C stock required by this paragraph. After retirement of all class A stock, class C stock also may be retired at par by calling the oldest outstanding class C stock, but class C stock that was issued for a fiscal year period shall not be called for retirement until all class B stock that was issued during or prior to that fiscal year has been called for retirement.

“(b) GUARANTY FUND SUBSCRIPTIONS IN LIEU OF STOCK.—If a cooperative association is not authorized under the laws of the State in which it is organized to take stock in the bank, the bank shall, in lieu thereof, require the association to pay into or have on deposit in a guaranty fund of the bank, or the bank may retain out of the amount of the loan and credit to the guaranty fund, a sum equal to the amount of class C stock which the association would otherwise be required by subsection (a) (3) of this section to own at the time the loan is made and to purchase thereafter. Any such association may make additional payments into the guaranty fund from time to time in lieu of the purchase of class B stock, and shall receive credits to such fund in lieu of patronage refunds payable in class C stock. Each reference in this Act to capital stock or class B or class C stock shall include also the guaranty fund equivalents of such stock, and, to the extent permitted under the laws of a State in which a cooperative association is organized, a holder of guaranty fund equivalents of either class B or class C stock shall have the same rights and status as a holder of class B or class C stock, respectively. The rights and obligations of the bank as respects such guaranty fund equivalents shall be identical to its rights and obligations as respects class B or class C stock, respectively.

“(c) LIEN ON STOCK.—Except as hereinafter provided in the case of an association which is a direct borrower from the central bank, each bank for cooperatives shall have a first lien on all stock in the bank owned by each cooperative association as additional collateral for any indebtedness of such association to the bank. In the case of an association which is a direct borrower from the central bank, the central bank shall have a first lien on any amount of class C stock which the borrowing association owns in any regional bank on account of direct loans of such association from the central bank; and the regional bank shall have a lien on such stock junior only to the lien of the central bank. In any case where the debt of a borrower is in default, the bank may, in accordance with regulations of the Farm Credit Administration, retire and cancel all or a part of the stock of the defaulting borrower at the fair book value thereof, not exceeding par, in total or partial liquidation of the debt, as the case may be, and, to the extent required, corresponding shares held by a regional bank in the central bank shall be retired.

“(d) CALCULATION OF PROPORTIONATE INTERESTS IN BANKS.—For the purpose of determining pursuant to section 5 (d) (2) (C) of the Farm Credit Act of 1937, as amended, the amount of the capital stock and subscriptions to the guaranty fund of a regional bank for cooperatives held by cooperatives the term ‘capital stock and subscriptions to the guaranty fund held by cooperatives’ or the equivalent of that term shall also mean all outstanding class B and class C stock and the guaranty fund equivalents thereof.”

12 USC 640d.

12 USC 1134k.

SEC. 102. Section 35 of the Farm Credit Act of 1933, as amended, is amended to read as follows:

"SEC. 35. APPLICATION OF REGIONAL BANK STOCK PROVISIONS TO CENTRAL BANK.—All provisions of law with respect to class A, class B, and class C stock in the regional banks for cooperatives shall apply to the Central Bank for Cooperatives except as they may be inconsistent with the provisions of this section. Each borrower from the central bank shall be required to own at the time the loan is made at least one share of class C stock in such regional bank as the Farm Credit Administration shall designate and shall be required to invest quarterly in class C stock in such regional bank or banks as the Farm Credit Administration shall designate an amount equal to not less than 10 nor more than 25 per centum, as prescribed by the board of directors of the central bank with the approval of the Farm Credit Administration, of the amount of interest payable by such borrower to the central bank during the calendar quarter. Payments for such stock shall be made quarterly or when the regular interest payments of such borrower are payable; but the stock shall be issued to the borrower as of the end of each fiscal year in the amount of the payments for stock made by it during such year. The regional bank whose stock is so issued to such borrower shall purchase a corresponding amount of class C stock in the central bank."

12 USC 1134l.

SEC. 103. (a) Section 36 of the Farm Credit Act of 1933, as amended, is amended to read as follows:

"SEC. 36. (a) APPLICATION OF SAVINGS.—Each bank for cooperatives, at the end of each fiscal year, shall determine the amount of its net savings after paying or providing for all operating expenses (including reasonable valuation reserves and losses in excess of any such applicable reserves) and shall apply such savings as follows: (1) To the restoration of the amount of the impairment, if any, of capital stock, as determined by its board of directors; (2) 25 per centum of any remaining savings shall be used to create and maintain a surplus account; (3) if said bank shall have outstanding capital stock held by the United States during the whole or any part of the fiscal year, it shall next pay to the United States as a franchise tax, a sum equal to 25 per centum of its net savings then remaining, not exceeding, however, a rate of return on such Government capital calculated at a rate equal to the computed average annual rate of interest on all public issues of public debt obligations of the United States issued during the fiscal year ending next before such tax is due, as certified to the Farm Credit Administration by the Secretary of the Treasury; (4) reasonable contingency reserves may be established; (5) dividends on class B stock may be declared as provided in section 42 (a) (2); and (6) any remaining net savings shall be distributed as patronage refunds as provided in subsection (b) of this section: *Provided*, That any patronage refunds received by a regional bank from the central bank shall be excluded from net savings of the regional bank for the purpose of computing such franchise tax. Amounts applied as provided in (2) and (4) above after the effective date of title I of the Farm Credit Act of 1955 shall be allocated on a patronage basis approved by the Farm Credit Administration. At the end of any fiscal year, any portion of the reserve established under (4) above which is no longer deemed necessary shall be transferred to the surplus account and, if the surplus account of any such bank for cooperatives exceeds 25 per centum of the sum of all its outstanding capital stock, the bank may distribute in the same manner as a patronage refund any part or all of such excess which has been allocated: *Provided*, That any surplus and contingency reserves shown on the books of the banks as of the effective date of title I of the Farm Credit Act of 1955 shall not be distributed as patronage refunds.

In making such distributions, the oldest outstanding allocations shall be distributed first. Wherever used in this Act, the words 'surplus account' as applied to any bank for cooperatives shall mean any surpluses and contingency reserves shown on the books of the banks as of the effective date of title I of the Farm Credit Act of 1955 and any amounts applied as provided in (2) above after the effective date of said title I. Said surplus account shall be divided to show the amounts thereof subject to allocation as provided in this section and may be further subdivided as prescribed by the Farm Credit Administration. In the event of a net loss in any fiscal year after providing for all operating expenses (including reasonable valuation reserves and losses in excess of any such applicable reserves), such loss shall be absorbed by: first, charges to allocated contingency reserves; second, charges to allocated surplus; third, charges to other contingency reserves and surplus; fourth, the impairment of class C stock; and fifth, the impairment of all other stock.

"Surplus account".

"(b) PATRONAGE REFUNDS.—The patronage refunds of each regional bank for cooperatives shall be paid in class C stock to borrowers, as defined by the Farm Credit Administration for the purposes of this subsection, during the fiscal year for which the refunds are declared. Patronage refunds of the Central Bank for Cooperatives shall be paid in class C stock to the regional banks for cooperatives upon the basis of interests held by the central bank in loans made by the regional banks and upon direct loans made by the central bank to cooperative associations; and any part of such refunds derived from such direct loans of the central bank shall be paid in class C stock issued to the regional bank or banks which issued to the borrower the stock incident to the loans, or to a regional bank or banks designated by the Farm Credit Administration, and such bank or banks shall issue a like amount of class C stock to the borrowers. All patronage refunds shall be paid in the proportion that the amount of interest earned on the loans of each borrower bears to the total interest earned on the loans of all borrowers during the fiscal year.

"(c) APPLICATION OF ASSETS ON LIQUIDATION OR DISSOLUTION.—In the case of liquidation or dissolution of any bank for cooperatives, after the payment or retirement, as the case may be, first, of all liabilities; second, of all capital stock issued before the effective date of title I of the Farm Credit Act of 1955 held by cooperative associations at par, all class A stock at par, and all class B stock at par; and third, of all class C stock at par; any surpluses and contingency reserves existing on the effective date of said title I shall be paid to the holders of outstanding capital stock issued before the effective date of said title I, class A stock and class C stock pro rata, and any remaining surplus and contingency reserves shall be distributed to those entities to which they are allocated on the books of the bank. If it should become necessary to use any surplus or contingency reserves to pay any liabilities or to retire any capital stock, allocated contingency reserves and surplus shall be exhausted first in accordance with rules prescribed by the Farm Credit Administration."

(b) For purposes of applying the amendment in subsection (a) of this section, that part of the fiscal year 1956 preceding the effective date of title I of this Act and that part of such year following said effective date shall be deemed to be separate fiscal years.

Separation of fiscal years.

SEC. 104. Section 31 of the Farm Credit Act of 1933 is amended to read as follows:

12 USC 1134g.

Three of the directors appointed by the Farm Credit Administration shall be appointed for terms of one year, two years, and three years, respectively, as designated at the time of appointment and the fourth appointed director shall be appointed for a term of three years and thereafter each appointed director shall be appointed for a term of three years. Any appointed director may be removed at pleasure at any time by the Farm Credit Administration. The Farm Credit Administration shall prescribe rules and regulations for the nominations and elections required by this section. Sufficiently in advance of the first day of January next following the effective date of title I of the Farm Credit Act of 1955, and at any time subsequent to the enactment thereof, the Farm Credit Administration shall take all action necessary in order to permit the elections hereby provided and shall group the several farm credit districts into three areas, each of which shall be comprised of four contiguous farm credit districts, and a director shall be elected from nominees from each of such areas by regional banks for cooperatives of the area and cooperative associations of the area eligible to vote. The three elected directors shall be elected for terms of one year, two years, and three years, respectively, as shall be designated by the Farm Credit Administration and thereafter elected directors shall be elected for terms of three years: *Provided*, That whenever, as determined by the Farm Credit Administration, the sum of the capital stock and subscriptions to the guaranty fund of the central bank held by persons other than the Governor of the Farm Credit Administration on behalf of the United States and surplus and reserve accounts of said bank shall equal or exceed 66⅔ per centum of the total capital stock, subscriptions to the guaranty fund and surplus and reserve accounts of said bank as of the date six months before the expiration of the term of office of any appointed director, except the fourth appointed director, whose term next expires, the successor to such director shall be elected from nominees for a term of three years by regional banks for cooperatives of the area and cooperative associations of the area eligible to vote on a basis of areas comprised of two contiguous farm credit districts as designated by the Farm Credit Administration. Whenever, as determined by the Farm Credit Administration, the sum of the capital stock and subscriptions to the guaranty fund of the central bank held by persons other than the Governor of the Farm Credit Administration on behalf of the United States and surplus and reserve accounts of said bank shall not equal or exceed 66⅔ per centum of the total capital stock, subscriptions to the guaranty fund and surplus and reserve accounts of the banks as of the date six months before the expiration of the term of office of any elected director whose term next expires, the successor to such elected director shall, if the number of elected directors then exceeds three, be appointed by the Governor of the Farm Credit Administration by and with the advice and consent of the Federal Farm Credit Board for a term of three years. In any such case where only one additional appointed director is needed in order to increase

the total number of appointed directors to four, and the terms of office of more than one elected director next expire, the Farm Credit Administration shall designate the one of such next expiring terms of office which shall be replaced by the additional appointed director. Any vacancy in the Board whether filled by appointment or by election shall be filled for the unexpired term in the same manner in which the vacant office was filled. Each regional bank for cooperatives, each cooperative association which is a direct borrower from the central bank, each holder of one or more shares of class C stock in a regional bank for cooperatives which is eligible to vote under section 42 (a) (3), and each holder of one or more shares of stock in the central bank or any regional bank for cooperatives issued before the effective date of title I of the Farm Credit Act of 1955 which is eligible to vote shall be eligible to vote for directors of the central bank and each such holder shall be entitled to one vote only without regard to the number of shares held in any one or more of said banks, and the vote of any such holder of stock in more than one bank shall be cast only with respect to elections in the area in which is located the main office of such holder. Elected directors shall have been, for at least two years, residents of the area for which they are elected. No person shall be eligible for nomination, election, or appointment as a director if such person has within one year next preceding the commencement of the term been a salaried officer or employee of the Farm Credit Administration or of any corporation operating under its supervision. Any person who is a member of the Federal Farm Credit Board or a district farm credit board when appointed or elected as director shall resign as a member of the Federal Farm Credit Board or the district board before assuming his duties as director of the central bank. No person who becomes such director shall be eligible to continue to serve if he becomes a member of the Federal Farm Credit Board or any district farm credit board or an officer or employee of the Farm Credit Administration or an officer or employee of any corporation operating under the supervision of the Farm Credit Administration."

[S. 2198]

To extend the period of restrictions on lands belonging to Indians of the Five Civilized Tribes in Oklahoma, and for other purposes.

Five Civilized  
Tribes, Okla.  
Land restric-  
tions.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That subject to the provisions of section 2 of this Act, the period of restrictions against alienation, lease, mortgage, or other encumbrance of lands

belonging to Indians of the Five Civilized Tribes in Oklahoma of one-half degree or more Indian blood, which period was extended to April 26, 1956, by the Act of May 10, 1928 (45 Stat. 495), is hereby extended for the lives of the Indians who own such lands subject to such restrictions on the date of this Act.

SEC. 2. (a) Any Indian of the Five Civilized Tribes may apply to the Secretary of the Interior for an order removing restrictions. Within ninety days from the date of the application, the Secretary shall either issue the order or disapprove the application. The order shall be issued if in the judgment of the Secretary the applicant has sufficient ability, knowledge, experience, and judgment to enable him, or her, to manage his, or her, business affairs, including the administration, use, investment, and disposition of any property turned over to such person and the income or proceeds therefrom, with such reasonable degree of prudence and wisdom as will be apt to prevent him, or her, from losing such property or the benefits thereof.

Removal.

(b) The Secretary of the Interior is authorized and directed to issue, without application, to any Indian of the Five Civilized Tribes, who in the judgment of the Secretary is able to manage his, or her, own affairs, in accordance with the standard specified in subsection (a) of this section, an order removing restrictions that will become effective six months after notice of the order is given to such Indian, unless it is set aside by a county court in accordance with proceedings initiated prior to such time pursuant to subsection (c) of this section. The timely initiation of such proceedings shall stay the effective date of an order until the proceedings are concluded. When the Secretary issues an order pursuant to this subsection, he shall notify the board of county commissioners for the county in which the Indian resides.

(c) If the Secretary of the Interior disapproves, or fails either to approve or disapprove, an application within the ninety-day period prescribed in subsection (a) of this section, the Indian affected may apply to the county court for the county in which he, or she, resides for an order removing restrictions. If the Secretary issues an order removing restrictions without application therefor in accordance with the provisions of subsection (b) of this section, either the Indian affected or the board of county commissioners may apply to the county court for the county in which the Indian resides for an order setting aside such order. The court shall set a hearing date not less than thirty days from the day it receives the application, and, under rules adopted by the court, notify the board of county commissioners, the welfare departments of the State and county governments, the local representative of the Commissioner of Indian Affairs, and any other persons the court considers appropriate. At the hearing the court shall examine the Indian and may require the persons who appear before the court to give testimony in the matter of the ability of the Indian to manage his, or her, own affairs. The Secretary of the Interior, and the attorney for the county in which such court is located, shall be given an opportunity to appear at such hearings and to participate in the examination of the Indian and other witnesses. The evidence taken at the hearing shall be transcribed and filed of record in the case. In determining capability, the court shall apply the standard specified in subsection (a) of this section with respect to determinations by the Secretary. If the court finds that the Indian is able to manage his, or her, own affairs, it shall issue an order removing restrictions or deny the application for an order to set aside an order of the Secretary issued without application therefor, as the case

Hearings.

may be. If the court does not find that the Indian is able to manage his, or her, own affairs, it shall deny the application for an order removing restrictions, or set aside an order of the Secretary issued without application therefor, as the case may be. The court shall furnish to the Secretary and to the applicant one certified copy of any final order issued by it. Any final order of the court shall be subject to appeal by the applicant, by the Secretary, or by the board of county commissioners in accordance with the probate laws of the State of Oklahoma, except that no appeal bond shall be required in an appeal by the Secretary.

(d) When an order removing restrictions becomes effective, the Secretary shall cause to be turned over to the applicant full ownership and control of any money and property that is held in trust for him or that is held subject to a restriction against alienation imposed by the United States, issuing, in the case of land, such title document as may be appropriate: *Provided*, That the Secretary may make such provisions as he deems necessary to insure payment of money loaned to any such Indian by the Federal Government or by an Indian tribe: *Provided further*, That nothing herein contained shall abrogate the interest of any lessee or permittee in any lease, contract, or permit that is outstanding when an order removing restrictions becomes effective.

25 USC 355 note. SEC. 3. Section 23 of the Act of April 26, 1906 (34 Stat. 137), as amended by section 8 of the Act of May 27, 1908 (35 Stat. 312), which expires on April 26, 1956, is continued in force with respect to the restricted properties of Indians of the Five Civilized Tribes as long as such properties remain restricted.

"SEC. 2. It is further the policy of the Congress to promote the efficient production, marketing, distribution, and utilization of products of the farm as essential to the health and welfare of our peoples and to promote a sound and prosperous agriculture and rural life as indispensable to the maintenance of maximum employment and national prosperity and security. It is also the intent of Congress to assure agriculture a position in research equal to that of industry, which will aid in maintaining an equitable balance between agriculture and other segments of our economy. It shall be the object and duty of the State agricultural experiment stations through the expenditure of the appropriations hereinafter authorized to conduct original and other researches, investigations, and experiments bearing directly on and contributing to the establishment and maintenance of a permanent and effective agricultural industry of the United States, including researches basic to the problems of agriculture in its broadest aspects, and such investigations as have for their purpose the development and improvement of the rural home and rural life and the maximum contribution by agriculture to the welfare of the consumer, as may be deemed advisable, having due regard to the varying conditions and needs of the respective States.

Research and in-  
vestigations.

"SEC. 3. (a) There are hereby authorized to be appropriated for the purposes of this Act such sums as Congress may from time to time determine to be necessary.

Appropriations.

"(b) Out of such sums each State shall be entitled to receive annually a sum of money equal to and subject to the same requirement as to use for marketing research projects as the sums received from Federal appropriations for State agricultural experiment stations for the fiscal year 1955, except that amounts heretofore made available from the fund known as the 'Regional research fund, Office of Experiment Stations' shall continue to be available for the support of cooperative regional projects as defined in subsection 3 (c) (3), and the said fund shall be designated 'Regional research fund, State agricul-

tural experiment stations', and the Secretary of Agriculture shall be entitled to receive annually for the administration of this Act, a sum not less than that available for this purpose for the fiscal year ending June 30, 1955: *Provided*, That if the appropriations hereunder available for distribution in any fiscal year are less than those for the fiscal year 1955 the allotment to each State and the amounts for Federal administration and the regional research fund shall be reduced in proportion to the amount of such reduction.

"(c) Any sums made available by the Congress in addition to those provided for in subsection (b) hereof for State agricultural experiment station work shall be distributed as follows:

"1. Twenty per centum shall be allotted equally to each State;

"2. Not less than 52 per centum of such sums shall be allotted to each State, as follows: One-half in an amount which bears the same ratio to the total amount to be allotted as the rural population of the State bears to the total rural population of all the States as determined by the last preceding decennial census current at the time each such additional sum is first appropriated; and one-half in an amount which bears the same ratio to the total amount to be allotted as the farm population of the State bears to the total farm population of all the States as determined by the last preceding decennial census current at the time such additional sum is first appropriated;

"3. Not more than 25 per centum shall be allotted to the States for cooperative research in which two or more State agricultural experiment stations are cooperating to solve problems that concern the agriculture of more than one State. The funds available for such purposes, together with funds available pursuant to subsection (b) hereof for like purpose shall be designated as the 'Regional research fund, State agricultural experiment stations', and shall be used only for such cooperative regional projects as are recommended by a committee of nine persons elected by and representing the directors of the State agricultural experiment stations, and approved by the Secretary of Agriculture. The necessary travel expenses of the committee of nine persons in performance of their duties may be paid from the fund established by this paragraph.

"4. Not less than 20 per centum of any sums appropriated pursuant to this subsection for distribution to States shall be used by State agricultural experiment stations for conducting marketing research projects approved by the Department of Agriculture.

"5. Three per centum shall be available to the Secretary of Agriculture for administration of this Act.

"(d) Of any amount in excess of \$90,000 available under this Act for allotment to any State, exclusive of the regional research fund, State agricultural experiment stations, no allotment and no payments thereof shall be made in excess of the amount which the State makes available out of its own funds for research and for the establishment and maintenance of facilities necessary for the prosecution of such research: *And provided further*, That if any State fails to make available for such research purposes for any fiscal year a sum equal to the amount in excess of \$90,000 to which it may be entitled for such year, the remainder of such amount shall be withheld by the Secretary of Agriculture.

"Administration",

"(e) 'Administration' as used in this section shall include participation in planning and coordinating cooperative regional research as defined in subsection 3 (c) 3.

"(f) In making payments to States, the Secretary of Agriculture is authorized to adjust any such payment to the nearest dollar.

Use of moneys.

"SEC. 4. Moneys appropriated pursuant to this Act shall also be available, in addition to meeting expenses for research and investiga-

tions conducted under authority of section 2, for printing and disseminating the results of such research, retirement of employees subject to the provisions of an Act approved March 4, 1940 (54 Stat. 39), administrative planning and direction, and for the purchase and rental of land and the construction, acquisition, alteration, or repair of buildings necessary for conducting research. The State agricultural experiment stations are authorized to plan and conduct any research authorized under section 2 of this Act in cooperation with each other and such other agencies and individuals as may contribute to the solution of the agricultural problems involved, and moneys appropriated pursuant to this Act shall be available for paying the necessary expenses of planning, coordinating, and conducting such cooperative research.

7 USC 331.

"SEC. 5. Sums available for allotment to the States under the terms of this Act, excluding the regional research fund authorized by subsection 3 (c) 3, shall be paid to each State agricultural experiment station in equal quarterly payments beginning on the first day of July of each fiscal year upon vouchers approved by the Secretary of Agriculture. Each such station authorized to receive allotted funds shall have a chief administrative officer known as a director, and a treasurer or other officer appointed by the governing board of the station. Such treasurer or other officer shall receive and account for all funds allotted to the State under the provisions of this Act and shall report, with the approval of the director, to the Secretary of Agriculture on or before the first day of September of each year a detailed statement of the amount received under provisions of this Act during the preceding fiscal year, and of its disbursement on schedules prescribed by the Secretary of Agriculture. If any portion of the allotted moneys received by the authorized receiving officer of any State agricultural experiment station shall by any action or contingency be diminished, lost, or misapplied, it shall be replaced by the State concerned and until so replaced no subsequent appropriation shall be allotted or paid to such State.

State allotments.

"SEC. 6. Bulletins, reports, periodicals, reprints of articles, and other publications necessary for the dissemination of results of the researches and experiments, including lists of publications available for distribution by the experiment stations, shall be transmitted in the mails of the United States under penalty indicia: *Provided, however,* That each publication shall bear such indicia as are prescribed by the Postmaster General and shall be mailed under such regulations as the Postmaster General may from time to time prescribe. Such publications may be mailed from the principal place of business of the station or from an established subunit of said station.

Bulletins, reports, etc.  
Free mailing.

"SEC. 7. The Secretary of Agriculture is hereby charged with the responsibility for the proper administration of this Act, and is authorized and directed to prescribe such rules and regulations as may be necessary to carry out its provisions. It shall be the duty of the Secretary to furnish such advice and assistance as will best promote the purposes of this Act, including participation in coordination of research initiated under this Act by the State agricultural experiment stations, from time to time to indicate such lines of inquiry as to him seem most important, and to encourage and assist in the establishment and maintenance of cooperation by and between the several State agricultural experiment stations, and between the stations and the United States Department of Agriculture.

Functions of  
Secretary of Agriculture.

"On or before the first day of July in each year after the passage of this Act, the Secretary of Agriculture shall ascertain as to each State whether it is entitled to receive its share of the annual appro-

priations for agricultural experiment stations under this Act and the amount which thereupon each is entitled, respectively, to receive.

"Whenever it shall appear to the Secretary of Agriculture from the annual statement of receipts and expenditures of funds by any State agricultural experiment station that any portion of the preceding annual appropriation allotted to that station under this Act remains unexpended, such amount shall be deducted from the next succeeding annual allotment to the State concerned.

Report to President.

"If the Secretary of Agriculture shall withhold from any State any portion of the appropriations available for allotment, the facts and reasons therefor shall be reported to the President and the amount involved shall be kept separate in the Treasury until the close of the next Congress. If the next Congress shall not direct such sum to be paid, it shall be carried to surplus.

Report to Congress.

"The Secretary of Agriculture shall make an annual report to the Congress during the first regular session of each year of the receipts and expenditures and work of the agricultural experiment stations in all the States under the provisions of this Act and also whether any portion of the appropriation available for allotment to any State has been withheld and if so the reasons therefor.

"SEC. 8. Nothing in this Act shall be construed to impair or modify the legal relation existing between any of the colleges or universities under whose direction State agricultural experiment stations have been established and the government of the States in which they are respectively located. States having agricultural experiment stations separate from such colleges or universities and established by law, shall be authorized to apply such benefits to research at stations so established by such States: *Provided*, That in any State in which more than one such college, university, or agricultural experiment station has been established the appropriations made pursuant to this Act for such State shall be divided between such institutions as the legislature of such State shall direct.

"SEC. 9. The Congress may at any time, amend, suspend, or repeal any or all of the provisions of this Act."

SEC. 2. All public lands belonging to the United States heretofore, now or hereafter withdrawn or reserved for power development or power sites shall be open to entry for location and patent of mining claims and for mining, development, beneficiation, removal, and utilization of the mineral resources of such lands under applicable Federal statutes: *Provided*, That all power rights to such lands shall be retained by the United States: *Provided further*, That locations made under this Act within the revested Oregon and California Railroad and reconveyed Coos Bay Wagon grant lands shall also be subject to the provisions of the Act of April 8, 1948, Public Law 477 (Eightieth Congress, second session): *And provided further*, That nothing contained herein shall be construed to open for the purposes described in this section any lands (1) which are included in any project operating or being constructed under a license or permit issued under the Federal Power Act or other Act of Congress, or (2) which are under examination and survey by a prospective licensee of the Federal Power Commission, if such prospective licensee holds an uncanceled preliminary permit issued under the Federal Power Act authorizing him to conduct such examination and survey with respect to such lands and such permit has not been renewed in the case of such prospective licensee more than once.

(b) The locator of a placer claim under this Act, however, shall conduct no mining operations for a period of sixty days after the filing of a notice of location pursuant to section 4 of this Act. If the Secretary of the Interior, within sixty days from the filing of the notice of location, notifies the locator by registered mail of the Secretary's intention to hold a public hearing to determine whether placer mining operations would substantially interfere with other uses of the land included within the placer claim, mining operations on that claim shall be further suspended until the Secretary has held the hearing and has issued an appropriate order. The order issued by the Secretary of the Interior shall provide for one of the following: (1) a complete prohibition of placer mining; (2) a permission to engage in placer mining upon the condition that the locator shall, following placer operations, restore the surface of the claim to the condition in which it was immediately prior to those operations; or (3) a general permission to engage in placer mining. The Secretary shall establish such rules and regulations as he deems desirable concerning bonds and deposits with respect to the restoration of lands to their condition prior to placer mining operations. Moneys received from any bond or deposit shall be used for the restoration of the surface of the claim involved, and any money received in excess of the amount needed for the restoration of the surface of that claim shall be refunded.

(c) Nothing in this Act shall affect the validity of withdrawals or reservations for purposes other than power development.

SEC. 3. Prospecting and exploration for and the development and utilization of mineral resources authorized in this Act shall be entered into or continued at the financial risk of the individual party or parties undertaking such work: *Provided*, That the United States, its permittees and licensees shall not be responsible or held liable or incur any liability for the damage, destruction, or loss of any mining claim, mill site, facility installed or erected, income, or other property or investments resulting from the actual use of such lands or portions thereof for power development at any time where such power develop-

SEC. 5. Nothing in this Act contained shall be construed to limit or restrict the rights of the owner or owners of any valid mining claim located prior to the date of withdrawal or reservation: *Provided*, That nothing in this Act shall be construed to limit or restrict the rights of the owner or owners of any mining claim who are diligently working to make a discovery of valuable minerals at the time any future withdrawal or reservation for power development is made.

(d) the district acknowledges and will cause each landowner to whom water is delivered to acknowledge that the contract confers upon it and them no right to the continued operation and maintenance of said works beyond the period during which it is in force unless, prior to the expiration thereof, the district shall have entered into a long-term contract conforming to the provisions of the Federal reclamation laws and that no permanent right to the use of water arises, attaches to their lands, or is claimed to arise or attach to their lands by virtue of the delivery of water through said works or the application to their lands of such water;

(e) the district will comply fully with all provisions of the Federal reclamation laws which are not inconsistent with this Act and the contract executed pursuant to the authority contained herein; and

(f) the contract shall, subject to the district's compliance with all of its terms and conditions, continue in force until December 31, 1955, and shall be renewed automatically for each of the nine succeeding calendar years unless either of the parties shall, on or before November 1 of any year, serve written notice of its intention that the contract shall not be renewed.

(c) In administering the provisions of subsection (b) (3), the Board shall prepare and use a registration affidavit form in which each request for information is readily understandable and can be satisfied by a concise answer or mark. The Board may request additional information required to determine whether the registrant meets the requirements imposed by or referred to in subsection (b). Registration affidavit form.

(d) The registry shall be kept open except during the fifteen-day period ending on the first Tuesday in May of each presidential election year, and except as provided by the Board in the case of a special election. While the registry is open, any person may apply for registration or change his registration.

(e) If a person is not permitted to register, such person, or any qualified candidate, may appeal to the Board, but not later than three days after the registry is closed for the next election. The Board shall decide within five days after the appeal is perfected whether the challenged elector is entitled to register. If the appeal is denied, the appellant may, within three days after such denial, appeal to the municipal court for the District of Columbia. The decision of such court shall be final and not appealable. If the appeal is upheld by either the Board or the court, the challenged elector shall be allowed to register immediately. If the appeal is pending on election day, the challenged elector may cast a ballot marked "challenged", as provided in section 9 (d).

#### NOMINATIONS: CONTENTS OF BALLOTS

SEC. 8. (a) Candidates for office participating in an election held pursuant to this Act shall be the persons registered under section 7 who have been nominated for such office by a petition—

No one shall interfere with the opportunity of a watcher to observe the conduct of the election at that polling place and the counting of votes. Watchers may challenge prospective voters who are believed to be unqualified to vote.

Challenged bal-  
lots.

(d) If the official in charge of the polling place, after hearing both parties to any such challenge or acting on his own initiative with respect to a prospective voter, reasonably believes the prospective voter is unqualified to vote, he shall allow the voter to cast a paper ballot marked "challenged". Ballots so cast shall be segregated, and no such ballot shall be counted until the challenge has been removed as provided in subsection (e).

(e) If a person has been permitted to vote only by challenged ballot, such person, or any qualified candidate, may appeal to the Board within three days after election day. The Board shall decide within seven days after the appeal is perfected whether the voter was qualified to vote. If the appeal is denied, the appellant may within three days of such denial appeal to the municipal court of the District of Columbia. The decision of such court shall be final and not appealable. If the Board decides that the voter was qualified to vote, the word "challenged" shall be stricken from the voter's ballot and the ballot shall be treated as if it had not been challenged.

The officials shall tell no one how the voter voted. The official in charge of the voting place shall make a return of all such voters, giving their names and disabilities.

In each such case, the petitioner shall deposit a fee of \$20 for each precinct petitioned to be recounted. If the cost of the recount is less than \$20 per precinct, the difference shall be refunded. If the result of the election is changed as a result of the recount, the entire amount deposited by the petitioner shall be refunded. Such recounts shall be conducted in the manner prescribed by the Board by regulation.

(b) Within seven days after the Board certifies the results of an election, any person who voted in the election may petition the United States District Court for the District of Columbia to review such election. In response to such a petition, the court may set aside the results so certified and declare the true results of the election, or void the election in whole or in part. To determine the true results of an election the court may order a recount or take other appropriate action, whether or not a recount has been conducted or requested pursuant to subsection (a). The court shall void an election only for fraud, mistake, the making of expenditures by a candidate in violation of this Act, or other defect, serious enough to vitiate the election as a fair expression of the will of the registered qualified electors voting therein. If the court voids an election it may order a special election, which shall be conducted in such manner (comparable to that prescribed for regular elections), and at such time, as the Board shall prescribe. The decision of such court shall be final and not appealable.

Such statement shall set forth any unpaid debts and obligations incurred by the candidate or independent committee or party committee with regard to such election, and specify the balance, if any, of such election funds remaining in his or their hands.

#### PENALTIES

SEC. 14. Any person who shall register, or attempt to register, under the provisions of this Act and make any false representations as to his place of residence or his voting privilege in any other part of the United States, or be guilty of bribery or intimidation of any voter at the elections herein provided for, or, being registered, shall vote or attempt to vote more than once in any election so held, or shall purloin or secrete any of the votes cast in such elections, or attempt to vote in an election held by a political party other than that to which he has declared himself to be affiliated, or, if employed in the counting of votes in such elections, make a false report in regard thereto, and every candidate, person, or official of any political committee who shall make any expenditure or contribution in violation of this Act, shall upon conviction thereof be fined not more than \$500 or be imprisoned not more than ninety days, or both. SEC. 2. There is hereby authorized to be appropriated, to remain available until February 15, 1956, such sums as may be necessary for making payments to States which have submitted, and had approved by the Surgeon General, applications for grants under this Act.

#### ALLOTMENTS TO STATES

SEC. 3. (a) From the sums appropriated pursuant to section 2, the Surgeon General shall allot to each State which has an application approved pursuant to section 4—

- (1) an amount equal to  $33\frac{1}{3}$  per centum of the number of unvaccinated eligible persons in such State multiplied by the product of (A) the cost of the poliomyelitis vaccine per eligible person, and (B) the State's allotment percentage; and

(2) an additional amount equal to 20 per centum of allotments available to the State under paragraph (1) of this subsection, such additional amount to be available for expenditure only in accordance with the provisions of section 6 (b) of this Act.

(b) A State's allotment percentage shall be equal to the per capita income of the United States divided by the per capita income of the State. Such percentage shall be determined by the Surgeon General on the basis of information furnished by the Department of Commerce; except that the allotment percentage for Hawaii shall be 100 per centum and for Alaska, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Canal Zone shall be equal to the allotment percentage determined above for the one of the forty-eight States which has the lowest per capita income.

#### STATE APPLICATIONS FOR FUNDS

SEC. 4. The Surgeon General shall approve the application of any State for payments under this Act if such application—

(a) provides that all poliomyelitis vaccine purchased with funds paid to the State under this Act shall be used for the vaccination of eligible persons pursuant to a plan which sets forth the method or methods by which vaccinations will be made available within the State (through public agencies, approved non-profit organizations, private physicians, or otherwise): *Provided*, That the Surgeon General may, for the purpose of assuring the most effective and equitable distribution and use of available supplies of poliomyelitis vaccine, establish categories of eligible persons to be accorded priority in receiving an opportunity for vaccination against poliomyelitis; and, except to the extent that the Surgeon General authorizes deviations from such categories, during any period in which any categories have been so established, all vaccine acquired by any State through assistance provided pursuant to this Act shall be made available only to persons within any such category;

(b) provides that in poliomyelitis vaccination programs conducted by public agencies in the State no means test or other discrimination based on financial ability of individuals will be imposed to limit the eligibility of persons to receive vaccination against poliomyelitis;

(c) provides for administration or supervision of administration of the plan included in the application by a single State agency;

(d) provides that the State agency will make such reports, in such form and containing such information, as the Surgeon General may from time to time reasonably require to carry out his functions under this Act, and comply with such provisions as he may from time to time find necessary to assure the correctness and verification of such reports; and

SEC. 5. The Surgeon General shall from time to time estimate the amount to be paid to each State under the provisions of this Act for any period, and shall pay such amount to such State, from the allotment available therefor, reduced or increased, as the case may be, by any sum (not previously adjusted under this section) by which

he finds that his estimate of the amount to be paid to the State for any prior period under this Act was greater or less than the amount which should have been paid to the State for such prior period under this Act. Such payments shall be made in such installments as the Surgeon General may determine.

#### USE OF FUNDS PAID TO STATES

SEC. 6. (a) Funds paid to a State from that part of its allotment computed in accordance with section 3 (a) (1) of this Act may be used solely for the purchase, prior to February 15, 1956, of the poliomyelitis vaccine for use in carrying out the plan set forth in the application of such State approved pursuant to section 4.

(b) Funds paid to a State from that part of its allotment computed in accordance with section 3 (a) (2) of this Act may be used prior to February 15, 1956, only for planning poliomyelitis vaccination programs within the State and for conducting such programs through public agencies in the State in accordance with the plan set forth in the application of such State approved pursuant to section 4; except that any part of such funds determined by the State to be in excess of the amount necessary for such purposes may be used for the purposes specified in subsection (a) of this section.

(c) Nothing in this Act shall limit funds granted to a State under other provisions of Federal legislation from being available to purchase poliomyelitis vaccine or to plan and conduct poliomyelitis vaccination programs in accordance with approved State plans applicable to such grants.

#### FURNISHING OF VACCINE BY SURGEON GENERAL

SEC. 7. At the request of any State the Surgeon General may use all or any portion of the allotment of such State under this Act for the purchase, in accordance with State specifications, of the poliomyelitis vaccine, to be furnished to the State in lieu of such State's allotment (or such portion thereof). Vaccine so furnished shall be subject to the same requirements as to use as vaccine purchased from payments to States pursuant to this Act.

#### DIVERSION OF FEDERAL FUNDS

SEC. 8. Whenever the Surgeon General, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the plan included in the application of such State approved under section 4, finds that—

(a) such State agency is not complying substantially with the provisions of this Act or the terms and conditions of its approved application; or

(b) any funds paid to such State or supplies of vaccine furnished to it under this Act have been diverted from the purposes for which paid or furnished;

the Surgeon General shall notify such State agency that no further payments will be made (or no further supplies of vaccine will be furnished) to the State under this Act until he is satisfied that there is no longer any failure to comply or the diversion has been corrected or, if compliance or correction is impossible, until such State agency repays or arranges for the repayment of Federal funds which have been diverted or improperly expended (or for repayment of the cost of the vaccine which has been diverted).

The works authorized to be constructed shall also include a conduit or canal extending from the most practicable point on the Sacramento River near Redding in an easterly direction to intersect with Cow Creek, with such pumping plants, regulatory reservoirs, and other appurtenant works as may be necessary to bring about maximum beneficial use of project water supplies in the area.

Sec. 2. Subject to the provisions of this Act, the operation of the Trinity River division shall be integrated and coordinated, from both a financial and an operational standpoint, with the operation of other features of the Central Valley project, as presently authorized and as may in the future be authorized by Act of Congress, in such manner as will effectuate the fullest, most beneficial, and most economic utilization of the water resources hereby made available: *Provided*, That the Secretary is authorized and directed to adopt appropriate measures to insure the preservation and propagation of fish and wildlife, including, but not limited to, the maintenance of the flow of the Trinity River below the diversion point at not less than one hundred and fifty cubic feet per second for the months July through November and the flow of Clear Creek below the diversion point at not less than fifteen cubic feet per second unless the Secretary and the California Fish and Game Commission determine and agree that lesser flows would be adequate for maintenance of fish life and propagation thereof; the Secretary shall also allocate to the preservation and propagation of fish and wildlife, as provided in the Act of August 14, 1946 (60 Stat. 1080), an appropriate share of the

The Secretary is authorized to withdraw from entry or other disposition under the public land laws such public lands as are necessary for the construction, operation, and maintenance of said minimum basic facilities and for the other purposes specified in this section and to dispose of such lands to Federal, State, and local governmental agencies by lease, transfer, exchange, or conveyance upon such terms and conditions as will best promote their development and operation in the public interest. The Secretary is further authorized to investigate the need for acquiring other lands for said purposes and to report thereon to the Committees on Interior and Insular Affairs of the Senate and House of Representatives, but no lands shall be acquired solely for any of these purposes other than access to project lands and the maintenance of public health and safety and the protection of public property thereon without further authorization by the Congress. All costs incurred pursuant to this section shall be nonreimbursable and nonreturnable.

**"TITLE VII—PROPERTY TRANSFERRED FROM THE  
RECONSTRUCTION FINANCE CORPORATION**

**"DECLARATION OF POLICY**

"SEC. 701. The Congress recognizes that the transfer of real property having a taxable status from the Reconstruction Finance Corporation or any of its subsidiaries to another Government department has often operated to remove such property from the tax rolls of States and local taxing authorities, thereby creating an undue and unexpected burden upon such States and local taxing authorities, and causing disruption of their operations. It is the purpose of this title to furnish temporary measures of relief for such States and local taxing authorities by providing that payments in lieu of taxes shall be made with respect to real property so transferred on or after January 1, 1946.

**"DEFINITIONS**

"SEC. 702. As used in this title—

"(a) The term 'State' means each of the several States of the United States and the Territories of Alaska and Hawaii.

"(b) The term 'real property' means (1) any interest in land, and (2) any improvement made thereon prior to any transfer thereof occurring on or after January 1, 1946, from the Reconstruction Finance Corporation to any other Government department, if for the purpose of taxation such interest or improvement is characterized as real property under the applicable law of the State in which such land is located.

"(c) The term 'local taxing authority' means any county or municipality, and any subdivision of any State, county, or municipality, which is authorized by law to levy and collect taxes upon real property.

"(d) The terms 'real property tax' and 'real property taxes' do not include any special assessment levied upon real property after the date of a transfer of such real property occurring on or after January 1, 1946, from the Reconstruction Finance Corporation to any other Government department.

"(e) The term 'Government department' means any department, agency, or instrumentality of the United States, except the Reconstruction Finance Corporation.

"(f) The term 'transfer' means—

"(1) a transfer of custody and control of, or accountability for the care and handling of, any real property, or

"(2) a transfer of legal title to any real property.

"(g) The term 'Reconstruction Finance Corporation' includes all subsidiaries of the Reconstruction Finance Corporation.

**"PROPERTY TRANSFERRED BY THE RECONSTRUCTION  
FINANCE CORPORATION**

"SEC. 703. Where real property has been transferred on or after January 1, 1946, from the Reconstruction Finance Corporation to any

Government department, and the title to such real property has been held by the United States continuously since such transfer, then on each date occurring on or after January 1, 1955, and prior to January 1, 1959, on which real property taxes levied by any State or local taxing authority with respect to any period become due, the Government department which has custody and control of such real property shall pay to the appropriate State and local taxing authorities an amount equal to the amount of the real property tax which would be payable to each such State or local taxing authority on such date if legal title to such real property had been held by a private citizen on such date and during all periods to which such date relates.

#### "LIMITATIONS

"SEC. 704. (a) The failure of any Government department to make, or to make timely payment of, any payment authorized by section 703 shall not subject—

"(1) any Government department, or any person who is a subsequent purchaser of any real property from any Government department, to the payment of any penalty or penalty interest, or to any payment in lieu of any penalty or penalty interest; or

"(2) any real estate or other property or property right to any lien, attachment, foreclosure, garnishment, or other legal proceeding.

"(b) No payment shall be made under section 703 with respect to any real property of any of the following categories:

"(1) Real property taxable by any State or local taxing authority under any provision of law, or with respect to which any payment in lieu of taxes is payable under any other provision of law.

"(2) Real property used or held primarily for any purpose for which real property owned by any private citizen would be exempt from real property tax under the constitution or laws of the State in which the property is situated.

"(3) Real property used or held primarily for the rendition of service to or on behalf of the local public, including (but not limited to) the following categories of real property: courthouses; post offices and other property used for purposes incidental to postal operations; and federally owned airports maintained and operated by the Civil Aeronautics Administration.

"(4) Office buildings and facilities which are an integral part of, or are used for purposes incidental to the use made of, any properties described in paragraph (1), (2), or (3) of this subsection.

"(c) Nothing contained in this title shall establish any liability of any Government department for the payment of any payment in lieu of taxes with respect to any real property for any period before January 1, 1955, or after December 31, 1958.
